B. THE FUNDS' DETAILED INFORMATION

Page 6-35 of the Master Prospectus

1. The investment strategy and risk management for the following funds under Section 3.1 "Fund Information" is hereby deleted and replaced with the following:

AmCash Management	
Investment strategy	<p>The Fund seeks to achieve its objective i.e. to provide investor with a regular stream of monthly income and maintaining the Fund's NAV at RM1.00 by investing in RM-denominated high-quality short-term money market instruments with the following minimum credit rating:</p> <ul style="list-style-type: none"> i. Short-term credit rating of P1 by RAM or its equivalent as rated by a local or global rating agency; or ii. Long-term credit rating of A1 by RAM or its equivalent as rated by a local or global rating agency. <p>If the credit rating of the instruments falls below the above minimum rating, the Fund may dispose of the investment. However, the Fund reserves the right to maintain the investment if the downgrade is a temporary event. The Fund's investments are structured to mature as follows:</p> <ul style="list-style-type: none"> a. At least 10% of the investments within 7 days; b. At least 20% of the investments within 31 days. <p>With the exception of extraordinary circumstances, the weighted average maturity of the Fund's investments will not exceed 85 days and the maturity</p>

	<p>of any non-governmental investments will not exceed 6 months, while the maturity of any governmental investments will not exceed one year from the date of purchase.</p> <p>All income from the investments will be accrued and allocated to Unit Holders on a daily basis in order for the Manager to maintain a stable NAV per unit of RM1.00. However, please note that the Fund is not a capital protected or capital guaranteed fund as defined under the SC Guidelines.</p>
Managing Risk	<p>When it comes to instrument, one of the most important factors to consider is the quality of the Fund's investments. While an investment in the Fund is not capital guaranteed, the risk of any capital loss is considered to be very low as the Fund invests in assets with relatively low risk. For example, the Fund can only invest in corporate bonds, government guaranteed or BNM issues. The corporate bonds must have a minimum short-term credit rating of P1 by RAM or its equivalent as rated by a local rating agency.</p> <p>In addition, as the Fund is a money market fund which has a weighted average maturity of not more than 85 days, the interest rate exposure is mitigated hence there is a low risk of capital loss.</p>

AmlIncome	
Investment strategy	<p>The Fund seeks to achieve its objective by investing in RM-denominated short to medium-term fixed income instruments (i.e. debt instruments with maturity of no longer than five (5) years) with the following minimum credit rating:</p> <ul style="list-style-type: none"> i. Short-term credit rating of P2 by RAM or its equivalent as rated by a local or global rating agency; or ii. Long-term credit rating of A3 by RAM or its equivalent as rated by a local or global rating agency. <p>If the credit rating of the instruments falls below the above minimum rating, the Fund may dispose of the investment. However, the Fund reserves the right to maintain the investment if the downgrade is a temporary event. The Fund's investments are structured to mature as follows:</p> <ul style="list-style-type: none"> a. At least 10% of the investments within 7 days; b. At least 20% of the investments within 31 days. <p>With the exception of unforeseeable circumstances (e.g. in the event of a default, the restructuring or the recovery process may take longer than the maturity of the debt instrument), the weighted average maturity of the Fund's investments will not exceed one year.</p> <p>The Fund may also invest in negotiable instruments of deposit with tenure of five (5) years or less up to 30% of the Fund's NAV. The issuers of the negotiable instruments of deposit must have a minimum long-term credit</p>

	<p>rating of BBB3 by RAM or its equivalent as rated by a local or global rating agency.</p> <p>In the event of a credit downgrade of the issuer below the minimum rating requirement or where the Manager at its discretion feels that there is a likelihood of credit default, the Manager may want to partially or fully unwind the particular instruments. A credit downgrade means that credit risk has increased but it does not mean that there will be a default. A credit downgrade will generally have no impact on the value of the negotiable instruments of deposit upon its maturity if a credit default did not occur. However, if the Manager chooses to unwind the instrument prior to its maturity, it may result in capital losses and these losses will be borne by the Fund and reflected in its NAV.</p> <p>Although the Fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.</p> <p>All income from the investments will be accrued and allocated to Unit Holders on a daily basis in order for the Manager to maintain a stable NAV per unit of RM1.00. However, please note that the Fund is not a capital protected or capital guaranteed fund as defined under the SC Guidelines.</p> <p><i>Note: "Short-term credit rating" refers to the credit rating of an instrument for a period of less than twelve (12) months issued by credit rating agency whereas "long-term credit rating" refers to a credit rating for a period of at least five (5) years.</i></p>
<p>Managing Risk</p>	<p>When it comes to instrument, one of the most important factors to consider is the quality of AmlIncome's investments. While an investment in AmlIncome is not capital guaranteed, the risk of any capital loss is considered low. This risk is considered to be low because AmlIncome invests in securities issued by the government, securities which are bank-backed and corporate securities with the following minimum credit rating:</p> <ul style="list-style-type: none"> i. Short-term credit rating of P2 by RAM or its equivalent as rated by a local or global rating agency; or ii. Long-term credit rating of A3 by RAM or its equivalent as rated by a local or global rating agency. <p>The Fund aims to have stable NAV of RM1.00. However, when the Fund suffers losses, the value of a unit the Fund may go below RM1.00. When the value of the Fund's unit fall below RM1.00, we will carry out a consolidation exercise.</p> <p>To facilitate the consolidation exercise, the Fund with the approval from the Trustee, will be temporarily suspended and the suspension must cease as soon as practicable, within 21 days of the commencement of the suspension.</p>

	<p>During the suspension, the Manager will calculate the ratio of the investment loss to the total NAV of the Fund. Two sub-accounts will be created within the Fund:</p> <ul style="list-style-type: none"> • Suspense account - where the loss is apportioned to each Unit Holder in accordance to their unit holdings and such units will be cancelled; and • Ordinary units account - where the NAV per unit of the remaining units will be maintained at RM1.00. <p>Once the suspension is uplifted upon completion of the consolidation exercise, you will continue to earn income from the remaining units due to you.</p> <p>We shall as soon as possible publish a notice of any consolidation exercise. We will also send to you a consolidation advice informing you of the amount loss, the units apportioned and cancelled, and the remaining units after the consolidation exercise.</p>

Short-term credit rating of P2 by RAM or its equivalent as rated by a local or global rating agency; or ii. However, the Fund reserves the right to maintain the investment if the downgrade is a temporary event. The Fund's investments are structured to mature as follows:</p> <ol style="list-style-type: none"> a. At least 10% of the investments within 7 days; b. <p>Investment strategy</p>	<p>The Fund seeks to achieve its objective by investing primarily in short to medium-term fixed income instruments with the following minimum credit rating:</p>

Amlslamic Fixed Income Conservative	
Investment strategy	<p>The Fund seeks to achieve its objective by investing a minimum 70% of its NAV in Sukuk, while maintaining a weighted average portfolio duration of one (1) to three (3) years and carry a minimum long-term credit rating of A3 by RAM or its equivalent as rated by a local or global rating agency.</p> <p>The Fund will place maximum 30% of its NAV in Islamic deposit and/or Islamic money market instruments. The Fund may invest in Islamic deposits or Islamic money market instruments with a maturity of up to one (1) year. The Fund's investments in Islamic money market instruments must have a minimum short-term credit rating of P3 by RAM or its equivalent as rated by a local or global rating agency.</p> <p>The Investment Manager may opt to invest in the Shariah-compliant investments either directly or via Islamic CIS. In the event of a credit downgrade, the Investment Manager may liquidate the particular Sukuk affected if the Investment Manager at its discretion feels that there is a likelihood of credit default. A credit downgrade means that credit risk is increased but does not constitute default.</p>

a. Management fee/management profit

Please refer to page 136 for management fee/management profit.

• **Feeder Funds**

We charge a fee for managing the Fund. The management fee is up to 1.80% per annum of the NAV of the Fund. The fee is calculated daily and paid monthly to us.

From the illustration below, it shows that there is no double charging of management fee.

An illustration of the management fee per day calculation and apportionment is as follows:
(Assuming the target fund's manager fee is 1.50% per annum and the management fee of the Feeder Fund is 1.80% per annum of the NAV of the Fund.)

	RM
Investment in the Target Fund	190,000,000.00
Others (liquid assets)	10,000,000.00

NAV (before fees)	<u>200,000,000.00</u>
-------------------	-----------------------

Management fee for the day is calculated as follows:

$$\frac{(\text{Investments} + \text{Liquid assets})}{\text{Number of Days in a year}} \times 1.80\%$$

1. Charged by the Target Fund

Example : Estimated Fund size of the Target Fund in their home currency was about USD 54,000,000

$$\frac{\text{USD } 54,000,000 \times 1.50\%}{365 \text{ days}} = \text{USD } 2,219.18$$

2. Charged by the Feeder Fund

a) $\frac{\text{RM } 190,000,000 \times 0.30\%}{365 \text{ days}} = \text{RM}1,561.64$ (rounded to 2 decimal points)

b) $\frac{\text{RM } 10,000,000 \times 1.80\%}{365 \text{ days}} = \text{RM } 493.15$ (rounded to 2 decimal points)

$$\underline{\underline{= \text{RM } 2,054.79}}$$

- **For all other Funds**

We charge a fee for managing the Fund. The management fee is up to 1.80% per annum of the NAV of the Fund.

An illustration of the management fee per day calculation and apportionment is as follows:

	RM
Investment	90,000,000.00
Others (liquid assets)	10,000,000.00
NAV (before fees)	<u>100,000,000.00</u>

Management fee for the day is calculated as follows:

$$\frac{(\text{Investments} + \text{Liquid assets})}{\text{Number of Days in a year}} \times 1.80\%$$

$$\frac{\text{RM } 100,000,000 \times 1.80\%}{365} = \text{RM}4,931.51 \text{ (rounded to 2 decimal points)}$$

Note: Where the Fund invests into CIS managed by AmInvestment Group's FMD, there will be no double charging of management fee.

- **Performance Fee (only applicable for AmTotal Return)**

The performance fee is calculated based on the lower of profit share of 1/8 of performance above the hurdle rate and 5% of NAV to be calculated as performance fee. The hurdle rate is the one year rolling fixed deposit rate of Malayan Banking Berhad or an equivalent leading bank plus 3% per annum spread.

For illustration purpose, the calculation as per below:

Valuation Date	Gross NAV / unit	Hurdle Rate per annum	Daily Return	Rolling One Year Return	Performance Fee %
	(a)	(b)	(c)	(d)	(e)
Day 1	0.4804	5.4773%	0.0000%	5.6056%	0.0160%
Day 2	0.4808	5.4757%	0.0833%	6.2072%	0.0914%
Day 3	0.4781	5.4776%	-0.5616%	4.5713%	0.0000%
Day 4	0.4785	5.4784%	0.0837%	4.5673%	0.0000%
Day 5	0.4785	5.4786%	0.0000%	4.7734%	0.0000%
Day 6	0.4785	5.4800%	0.0000%	4.7734%	0.0000%
Day 7	0.4791	5.4792%	0.1254%	4.9048%	0.0000%
Day 8	0.4795	5.4803%	0.0835%	5.6400%	0.0200%
Day 9	0.6700	5.4794%	39.7289%	47.5121%	5.0000%

Notes:

- (a) Gross NAV per unit is total net asset value of the fund after charging Trustee fee and other expenses (audit fee, tax agent fee, printing, mailing and others) but before management's fee, divided by the units in circulation.
- (b) Hurdle rate is the one year rolling fixed deposit rate of Malayan Banking Berhad plus 3%.
- (c) Daily return is calculated based on changes of gross NAV per unit from previous gross NAV per unit.
- (d) Rolling one year return is calculated based on chain linking daily return for the last one year. "Chain linking daily return" means the daily returns from one year ago to the valuation date are linked geometrically (compounded) to get the rolling one year return.
- (e) If the rolling one year return is greater than hurdle rate, the lower of 1/8 of the difference or 5% of NAV will be calculated as performance fee. If the rolling one year is lesser than hurdle rate, no performance fee will be calculated.

- To AmIslamic Funds Management Sdn Bhd (For Islamic Funds)

- **Trustee fee**

An illustration of the trustee fee per day is as follows:

$$\begin{aligned} \text{Trustee fee for the day} &= \text{NAV of the Fund} \times \text{trustee fee rate of the Fund (\%)} \times 1/365 \text{ days} \\ &= \text{RM } 100,000,000 \times 0.05\% \times 1/365 \\ &= \text{RM } 136.99 \text{ (rounded to 2 decimal points)} \end{aligned}$$

1. This letter has been prepared for inclusion in the Second Supplementary Master prospectus in relation to the Master Prospectus dated 10 September 2017 and The First Supplementary Master Prospectus dated 4 January 2018 (hereinafter referred to as the “Second Supplementary Master Prospectus”) in respect to the offer of units in the abovementioned Funds (individually hereinafter referred to as the “Fund”).

The following is general information based on Malaysian tax law in force at the time of lodging the Second Supplementary Master Prospectus with the Securities Commission Malaysia (“SC”) and investors should be aware that the tax law may be changed at any time. To an extent, the application of tax law depends upon an investor’s individual circumstances. The information provided below does not constitute tax advice. The Manager therefore recommends that an investor consult his accountant or tax adviser on questions about his individual tax position.

2. Taxation of the Fund

2.1 Income Tax

As the Fund’s Trustee is resident in Malaysia, the Fund is regarded as resident in Malaysia. The taxation of the Fund is governed principally by Sections 61 and 63B of the Malaysian Income Tax Act, 1967 (“MITA”).

Pursuant to the Section 2(7) of MITA, any reference to interest shall apply, mutatis mutandis, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah. The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

The income of the Fund in respect of dividends, interest or profits from deposits and other investment income (other than income which is exempt from tax) derived from or accruing in Malaysia is liable to income tax. The Fund may be receiving income such as exit fee which will be subject to tax at the prevailing tax rate applicable on the Fund. Gains on disposal of investments by the Fund will not be subject to income tax.

The income tax rate applicable to the Fund is 24%. Effective for years of assessment 2017 and 2018, the incremental portion of the chargeable income compared to the immediate preceding year of assessment enjoys reduced income tax rate as follows:

% of increase in chargeable income as compared to the immediate preceding year of assessment	Percentage point reduction in tax rate	Tax rate after reduction (%)
Less than 5.00	NIL	24
5.00 – 9.99	1	23
10.00 – 14.99	2	22
15.00 – 19.99	3	21
20.00 and above	4	20

Tax exempt interest as listed in the Appendix attached received by the Fund are not subject to income tax.

With effect from 1 January 2014, Malaysia has fully moved to a single-tier income tax system. The Fund is not liable to tax on any Malaysia sourced dividends paid, credited or distributed to the Fund under the single tier tax system, where the company paying such dividend is not entitled to deduct tax under the MITA. The tax deductibility of other deductions by the Fund against such dividend income will be disregarded in ascertaining the chargeable income of the Fund.

In addition to the single-tier dividend that may be received by the Fund, the Fund may also receive Malaysian dividends which are tax exempt from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Fund is not subject to income tax on such tax exempt dividend income.

The Fund may also receive dividends, profits and other income from investments outside Malaysia. Income derived from sources outside Malaysia and received in Malaysia by a unit trust is exempted from Malaysian income tax. However, such income may be subject to foreign tax in the country from which the income is derived.

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into. Generally, any gain or loss relating to the principal portion will be treated as capital gain or loss. Gains or losses relating to the income portion would normally be treated as revenue gains or losses. The gain or loss on revaluation will only be taxed or claimed upon realisation. Any gain or loss on foreign exchange is treated as capital gain or loss if it arises from the revaluation of the principal portion of the investment.

Generally, income from distribution by the Malaysia Real Estate Investment Trusts (“REIT”) will be received net of withholding tax of 10%. No further tax will be payable by the Fund on the distribution. Distribution from such income by the Fund will also not be subject to further tax in the hands of the Unit Holders.

Expenses being manager’s remuneration, maintenance of register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage, which are not allowed under the general deduction rules, qualify for a special deduction, subject to a minimum of 10% and a maximum of 25% of such expenses pursuant to Section 63B of the MITA.

2.2 Gains on Disposal of Investments

Gains on disposal of investments by the Fund will not be subject to income tax but where the investments represent shares in real property companies, such gains may be subject to Real Property Gains Tax (“RPGT”) under the RPGT Act, 1976. A real property company is a controlled company which owns or acquires real properties or shares in real property companies with a market value of not less than 75% of its total tangible assets. A controlled company is a company which does not have more than 50 members and is controlled by not more than 5 persons.

2.3 Goods and Services Tax (“GST”) and Service Tax

GST was repealed effective from 1 September 2018 and Service Tax was introduced as a replacement tax effective from 1 September 2018.

As the Fund is not providing a taxable service under the Service Tax Regulations 2018, it is not required to register for Service Tax or charge Service Tax. Should the Fund provide taxable services (i.e. management and consulting services) with an aggregate value of RM500,000 or more in a 12 months period, the Fund would be required to register for Service Tax and charge Service Tax on the said services at the prevailing rate of 6%. The issuance of units by the Fund to investors will not be subject to Service Tax, and no Service Tax would be included in the price of the units. Any distributions made by the Fund to Unit Holders are also not subject to Service Tax.

Any fund management fees that are charged to the Fund by the Fund Managers in relation managing the Fund would not be subject to Service Tax as fund management fees are excluded from the scope of Service Tax under the Service Tax Regulations 2018. To the extent that the Fund invests in any financial services products (e.g. securities, derivatives, units in a fund or unit trust), the acquisition of these interests will also not be subject to Service Tax.

3. Taxation of Unit Holders

3.1 Taxable Distribution

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Fund to the extent such income is distributed to them. Unit Holders are also liable to pay income tax on the taxable income distributions paid by the Fund. Taxable income distributions carry a tax credit in respect of the tax chargeable on that part of the Fund. Unit Holders will be subject to tax on an amount equal to the net taxable income distribution plus attributable underlying tax paid by the Fund.

Income distributed to Unit Holders is generally taxable as follows in Malaysia :-

Unit Holders	Malaysian Tax Rates for Year of Assessment 2018
Malaysian tax residents: <ul style="list-style-type: none"> ▪ Individual and non-corporate Unit Holders ▪ Co-operative societies 	<ul style="list-style-type: none"> ▪ Progressive tax rates ranging from 0% to 28% ▪ Progressive tax rates ranging from 0% to 24%

Non-resident Unit Holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdictions.

3.2 Tax Exempt Distribution

Tax exempt distributions made out of gains from realisation of investments and other exempt income earned by the Fund will not be subject to Malaysian tax in the hands of Unit Holders, whether individual or corporate, resident or non-resident. All Unit Holders do not pay tax on that portion of their income distribution from the Fund's distribution equalisation account.

3.3 Distribution Voucher

To help complete a Unit Holder's tax returns, the Manager will send to each Unit Holder a distribution voucher as and when distributions are made. This sets out the various components of the income distributed and the amount of attributable income tax already paid by the Fund.

3.4 Sale, Transfer or Redemption of Units

Any gains realised by a Unit Holder on the sale, transfer or redemption of his units are generally tax-free capital gains unless the Unit Holder is an insurance company, a financial institution or a person trading or dealing in securities. Generally, the gains realised by these categories of Unit Holders constitute business income on which tax is chargeable.

3.5 Reinvestment of Distribution

Unit Holders who receive their income distribution by way of investment in the form of the purchase of new units will be deemed to have received their income distribution after tax and reinvested that amount in the Fund.

3.6 Unit Splits

Unit splits issued by the Fund are not taxable in the hands of the Unit Holders.

Yours faithfully

Gooi Yong Wei
Executive Director
