Who am I investing with?

Manager	: AmFunds Management Berhad (“AFM”)
Trustee	: AmanahRaya Trustees Berhad (“ART”)
Taxation Advisor	: Deloitte Tax Services Sdn Bhd
Auditor	: Ernst & Young PLT

All transactions with related parties are to be executed on terms which are best available to the Fund(s) and which are not less favourable to the Fund than on arm’s length transaction between independent parties. The Fund(s) may have dealings with parties related to the Manager. The related parties defined are AIFM, AmlInvestment Bank Berhad, AmlInvestment Group Berhad, AmBank(M) Berhad and AmBank Islamic Berhad.

The directors of AmFunds Management Berhad may have direct or indirect interest through their directorship in AIFM.

ART has delegated its custodian function for the foreign investments of the Fund to Citibank N.A, Singapore branch. Citibank N.A. in Singapore began providing a security service in the mid-1970’s and a fully operational global custody product was launched in the early 1990’s. Today their securities services business claims a global client base of premier banks, Fund managers, broker dealers and insurance companies.

The roles and duties of the trustee’s delegate are as follows:

- To act as sub-custodian for the selected cross-border investment of the Fund including the opening of cash and custody accounts and to hold in safe keeping the assets of the Fund such as equities and bonds.
- To act as paying agent for the selected cross-border investment which include trade settlement and Fund transfer services.
- To provide corporate action information or entitlements arising from the above underlying assets and to provide regular reporting on the activities of the invested portfolios.

To the best of our knowledge there has been no event of conflict of interest or related party transaction exists between the Trustee and the Manager or any potential occurrence of it.

The Manager may conduct cross trades between funds and private mandates it currently manages provided that all criteria imposed by the regulators are met. Notwithstanding, cross trades between the personal account of an employee of the Manager and the Fund’s account and between the Manager’s proprietary trading accounts and the Fund’s account are strictly prohibited. The execution of cross trade will be reported to the investment committee and disclosed in the Fund’s report accordingly.

What are the possible outcomes of my investment?

Best Case	Capital appreciation and income distribution
Mid Case	No significant change in investment i.e. no capital appreciation and no income distribution.
Worst Case	Capital loss and no income distribution

What are the key risks associated with the Fund?

General Investment Risks

Market Risk	Market risk refers to the possibility that an investment will lose value because of a general decline in financial markets, due to economic, political and/or other factors resulting in a decline in the fund’s NAV.
Inflation Risk	This is the risk that investors’ investment in the fund may not grow or generate income at a rate that keeps pace with inflation.
Manager Risk	This risk refers to the day-to-day management of the fund by the manager which will impact the performance of the fund.
Non-Compliance Risk	This is the risk of the manager or the trustee not complying with their respective internal policies, the deed and its supplemental deed, securities law or guidelines issued by the regulators relevant to each party, which may adversely affect the performance of a fund.
Country Risk	Investments of the fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the fund invests in.

Specific Risks associated with the Fund

Credit and Default Risk	Credit risk relates to the creditworthiness of the issuers of the fixed income instruments and their expected ability to make timely payment of profit or interest and/or principal. Default risk relates to the risk that an issuer of a fixed income instrument either defaulting on payments or failing to make payments in a timely manner which will in turn adversely affect the value of the fixed income instruments.
Interest Rate Risk	Interest rate risk refers to the impact of interest rate changes on the valuation of fixed income instruments. When interest rates rise, fixed income instruments prices generally decline and this may lower the market value of the Fund’s investment in fixed income instruments. The reverse may apply when interest rates fall.
Liquidity Risk	Liquidity risk refers to the ease of liquidating an asset depending on the asset’s volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavourable prices.
Income Distribution Risk	The distribution of income is not guaranteed.

Note: The above mentioned risks which sophisticated investors should consider before investing into a wholesale fund should not be considered to be an exhaustive list. Sophisticated investors should be aware that investments in the Fund may be exposed to other unforeseeable risks from time to time. Sophisticated investors are advised to consult their professional adviser. Please refer to the Information Memorandum for further details on risks.
