2. The investment objective and investment strategy of AmAl-Amin are hereby revised as below:

Investment Objective	The Fund aims to provide investor with a regular stream of “halal” monthly income by investing in Islamic money market instruments and sukuk.
Investment Strategy	<p>The Fund seeks to achieve its objective by investing primarily in RM-denominated high-quality short to medium-term sukuk and Islamic money markets instruments with the following minimum credit rating:</p> <ul style="list-style-type: none"> i. Short-term credit rating of P2 by RAM or its equivalent as rated by a local or global rating agency; or ii. 3. The investment strategy of AmIncome is hereby revised as below:

Investment Strategy	<p>The Fund seeks to achieve its objective by investing in RM-denominated short to medium-term fixed income instruments (i.e. debt instruments with maturity of no longer than five (5) years) with the following minimum credit rating:</p> <ul style="list-style-type: none"> i. Short-term credit rating of P2 by RAM or its equivalent as rated by a local or global rating agency; or ii. However, the Fund reserves the</p>

	<p>right to maintain the investment if the downgrade is a temporary event. The Fund's investments are structured to mature as follows:</p> <ol style="list-style-type: none"> a. At least 10% of the investments within seven (7) days; b. At least 20% of the investments within thirty-one (31) days. <p>With the exception of unforeseeable circumstances (e.g. in the event of a default, the restructuring or the recovery process may take longer than the maturity of the debt instrument), the weighted average maturity of the Fund's investments will not exceed one and a half (1.5) years.</p> <p>The Fund may also invest in negotiable instruments of deposit with tenure of five (5) years or less up to 30% of the Fund's NAV. The issuers of the negotiable instruments of deposit must have a minimum long-term credit rating of BBB3 by RAM or its equivalent as rated by a local or global rating agency.</p> <p>In the event of a credit downgrade of the issuer below the minimum rating requirement or where the Manager at its discretion feels that there is a likelihood of credit default, the Manager may want to partially or fully unwind the particular instruments. A credit downgrade means that credit risk has increased but it does not mean that there will be a default. A credit downgrade will generally have no impact on the value of the negotiable instruments of deposit upon its maturity if a credit default did not occur. However, if the Manager chooses to unwind the instrument prior to its maturity, it may result in capital losses and these losses will be borne by the Fund and reflected in its NAV.</p> <p>Although the Fund is actively managed, the frequency of its trading strategy will very much depend on market opportunities.</p> <p>All income from the investments will be accrued and allocated to Unit Holders on a daily basis in order for the Manager to maintain a stable NAV per unit of RM1.00. However, please note that the Fund is not a capital protected or capital guaranteed fund as defined under the SC Guidelines.</p> <p>Note: "Short-term credit rating" refers to the credit rating of an instrument for a period of less than twelve (12) months issued by credit rating agency whereas "long-term credit rating" refers to a credit rating for a period of at least five (5) years.</p>

1. This letter has been prepared for inclusion in the Eight Supplementary Master Prospectus in relation to the Master Prospectus dated 10 September 2017, the First Supplementary Master Prospectus dated 4 January 2018, the Second Supplementary Master Prospectus dated 20 December 2018, the Third Supplementary Master Prospectus dated 5 August 2019, the Fourth Supplementary Master Prospectus dated 8 November 2019, the Fifth Supplementary Master Prospectus dated 31 March 2021, the Sixth Supplementary Master Prospectus dated 28 July 2021 and the Seventh Supplementary Master Prospectus dated 26 October 2021 (hereinafter referred to as “the Master Prospectus”) in connection with the offer of units in the abovementioned Funds (individually hereinafter referred to as “the Fund”).

The following is general information based on Malaysian tax law in force at the time of lodging the Master Prospectus with the Securities Commission Malaysia (“SC”) and investors should be aware that the tax law may be changed at any time. To an extent, the application of tax law depends upon an investor’s individual circumstances. The information provided below does not constitute tax advice.

The Manager therefore recommends that an investor consult his accountant or tax adviser on questions about his individual tax position.

2. Taxation of the Fund

2.1 Income Tax

As the Fund's Trustee is resident in Malaysia, the Fund is regarded as resident in Malaysia. The taxation of the Fund is governed principally by Sections 61 and 63B of the Malaysian Income Tax Act, 1967 ("MITA").

Pursuant to the Section 2(7) of MITA, any reference to interest shall apply, *mutatis mutandis*, to gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah. The effect of this is that any gains or profits received and expenses incurred, in lieu of interest, in transactions conducted in accordance with the principles of Shariah, will be accorded the same tax treatment as if they were interest.

The income of the Fund in respect of dividends, interest or profits from deposits and other investment income (other than income which is exempt from tax) derived from or accruing in Malaysia is liable to income tax. It is *proposed* in the Finance Bill 2021 that with effect from 1 January 2022, income of the fund derived or accruing from outside Malaysia which is received in Malaysia shall also be liable to tax in Malaysia. The Fund may be receiving income such as exit fee which will be subject to tax at the prevailing tax rate applicable on the Fund. Gains on disposal of investments by the Fund will not be subject to income tax.

The income tax rate applicable to the Fund is 24%.

Tax exempt interest as listed in the Appendix attached received by the Fund are not subject to income tax.

With effect from 1 January 2014, Malaysia has fully moved to a single-tier income tax system. The Fund is not liable to tax on any Malaysia sourced dividends paid, credited or distributed to the Fund under the single tier tax system, where the company paying such dividend is not entitled to deduct tax under the MITA. The tax deductibility of other deductions by the Fund against such dividend income will be disregarded in ascertaining the chargeable income of the Fund.

In addition to the single-tier dividend that may be received by the Fund, the Fund may also receive Malaysian dividends which are tax exempt from investments in companies which had previously enjoyed or are currently enjoying the various tax incentives provided under the law. The Fund is not subject to income tax on such tax exempt dividend income.

The Fund may also receive dividends, profits and other income from investments outside Malaysia. Currently, income derived from sources outside Malaysia (i.e. foreign sourced income) and received in Malaysia by a unit trust is exempted from Malaysian income tax. However, it is *proposed* in the Finance Bill 2021 that the tax exemption on foreign sourced income to be restricted to only non-Malaysian residents with effect from 1 January 2022. At the time this letter is issued, the Finance Bill 2021 has not yet been passed by Parliament.

For Malaysian residents, it is *proposed* that such foreign sourced income received in Malaysia from 1 January 2022 until 30 June 2022 shall be taxable at 3% on a gross basis, whereas foreign sourced income received in Malaysia from 1 July 2022 onwards will be taxed based on the prevailing income tax rate. In addition, such income may be subject to foreign tax in the country from which the income is derived.

The tax treatment of hedging instruments would depend on the particular hedging instruments entered into. Generally, any gain or loss relating to the principal portion will be treated as

capital gain or loss. Gains or losses relating to the income portion would normally be treated as revenue gains or losses. The gain or loss on revaluation will only be taxed or claimed upon realisation. Any gain or loss on foreign exchange is treated as capital gain or loss if it arises from the revaluation of the principal portion of the investment.

Generally, income from distribution by the Malaysia Real Estate Investment Trusts (“REIT”) will be received net of withholding tax of 10%. No further tax will be payable by the Fund on the distribution. Distribution from such income by the Fund will also not be subject to further tax in the hands of the Unit Holders.

Expenses being manager’s remuneration, maintenance of register of Unit Holders, share registration expenses, secretarial, audit and accounting fees, telephone charges, printing and stationery costs and postage, which are not allowed under the general deduction rules, qualify for a special deduction, subject to a minimum of 10% and a maximum of 25% of such expenses pursuant to Section 63B of the MITA.

2.2 Gains on Disposal of Investments

Gains on disposal of investments by the Fund will not be subject to income tax but where the investments represent shares in real property companies, such gains may be subject to Real Property Gains Tax (“RPGT”) under the RPGT Act, 1976. A real property company is a controlled company which owns or acquires real properties or shares in real property companies with a market value of not less than 75% of its total tangible assets. A controlled company is a company which does not have more than 50 members and is controlled by not more than 5 persons.

2.3 Service Tax

The issuance of units by the Fund to investors will not be subject to Service Tax. Any distributions made by the Fund to Unit Holders are also not subject to Service Tax. The Fund would not be required to pay Service Tax on the acquisition of fund management services from the Fund Manager.

To the extent that the Fund invests in any financial services products (e.g. securities, derivatives, units in a fund or unit trust), the acquisition of these interests will also not be subject to Service Tax.

If the Fund acquires any imported taxable services from a service provider outside of Malaysia, these services would be subject to 6% Service Tax. The Fund would be required to file an SST-02A return on an ad hoc basis and report and pay this amount of tax to the Royal Malaysian Customs Department.

3. Taxation of Unit Holders

3.1 Taxable Distribution

Unit Holders will be taxed on an amount equivalent to their share of the total taxable income of the Fund to the extent such income is distributed to them. Unit Holders are also liable to pay income tax on the taxable income distributions paid by the Fund. Taxable income distributions carry a tax credit in respect of the tax chargeable on that part of the Fund. Unit Holders will be subject to tax on an amount equal to the net taxable income distribution plus attributable underlying tax paid by the Fund. No withholding tax will be imposed on the income distribution of the Fund.

Income distributed to Unit Holders is generally taxable as follows in Malaysia :-

Unit Holders	Malaysian Tax Rates for Year of Assessment 2022
<p>Malaysian tax residents:</p> <ul style="list-style-type: none"> ▪ Individual and non-corporate Unit Holders ▪ Co-operative societies ▪ Trust bodies ▪ Corporate Unit Holders <ul style="list-style-type: none"> i. A company with paid up capital in respect of ordinary shares of not more than RM2.5 million where the paid up capital in respect of ordinary shares of other companies within the same group as such company is not more than RM2.5 million (at the beginning of the basis period for a year of assessment) and having gross income from source or sources consisting of a business of not more than RM50 million for the basis period of a year assessment ii. Companies other than those in (i) above <p>Non-Malaysian tax residents:</p> <ul style="list-style-type: none"> ▪ Individual and non-corporate Unit Holders ▪ Co-operative societies 	<ul style="list-style-type: none"> ▪ Progressive tax rates ranging from 0% to 30% ▪ For tax resident individual within the chargeable income band of RM50,000 to RM70,000, the tax rate will be reduced by 1% ▪ Progressive tax rates ranging from 0% to 24% ▪ 24% ▪ 17% for every first RM600,000 of chargeable income ▪ 24% for chargeable income in excess of RM600,000 ▪ 24% ▪ It is <i>proposed</i> in the Finance Bill 2021 that 33% for chargeable income in excess of RM100,000,000 for the year of assessment 2022 only ▪ 30% ▪ 24%

The tax credit that is attributable to the income distributed to the Unit Holders will be available for set off against tax payable by the Unit Holders. There is no withholding tax on taxable distributions made to non-resident Unit Holders.

Non-resident Unit Holders may also be subject to tax in their respective jurisdictions and depending on the provisions of the relevant tax legislation and any double tax treaties with Malaysia, the Malaysian tax suffered may be creditable in the foreign tax jurisdictions.

3.2 Tax Exempt Distribution

Tax exempt distributions made out of gains from realisation of investments and other exempt income earned by the Fund will not be subject to Malaysian tax in the hands of Unit Holders, whether individual or corporate, resident or non-resident. All Unit Holders do not pay tax on that portion of their income distribution from the Fund's distribution equalisation account.

3.3 Withholding Tax on Distribution from Retail Money Market Fund ("RMMF") to Unit Holders

Currently, interest income of a unit trust that is a RMMF derived from Malaysia and paid or credited by a licensed bank, Islamic bank or development financial institution is exempted from tax pursuant to Paragraph 35A of Schedule 6 of the MITA.

It is *proposed* in the Finance Bill 2021 that the distribution of interest income from RMMF exempted under Paragraph 35A of Schedule 6 of the MITA to non-individual unit holders will be subject to withholding tax at 24% under the following mechanism:-

Type of unit holders	Non-Individual Resident	Non-Individual Non-Resident
Withholding tax rate	24%	24%
Withholding tax mechanism	Income distribution carries a tax credit, which can be utilised to set off against the tax payable by the unit holders.	Withholding tax deducted will be regarded as a final tax.
Due date of payment	The withholding tax is to be remitted to the Director General of Malaysian Inland Revenue within one month of the distribution of interest income.	

If passed by Parliament, the above proposal comes into operation on 1 January 2022.

3.4 Distribution Voucher

To help complete a Unit Holder's tax returns, the Manager will send to each Unit Holder a distribution voucher as and when distributions are made. This sets out the various components of the income distributed and the amount of attributable income tax already paid by the Fund.

3.5 Sale, Transfer or Redemption of Units

Any gains realised by a Unit Holder on the sale, transfer or redemption of his units are generally tax-free capital gains unless the Unit Holder is an insurance company, a financial institution or a person trading or dealing in securities. Generally, the gains realised by these categories of Unit Holders constitute business income on which tax is chargeable.

3.6 Reinvestment of Distribution
