#### **MANAGER'S REPORT**

Dear Unitholders,

We are pleased to present you the Manager's report and the unaudited accounts of AmDynamic Sukuk ("Fund") for the financial period from 1 August 2022 to 31 January 2023.

#### Salient Information of the Fund

| Name                             | AmDynamic Sukuk ("Fund")                                                                                                                                                                                                                                                                                                                                                   |
|----------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Category/<br>Type                | Sukuk / Growth                                                                                                                                                                                                                                                                                                                                                             |
| Objective                        | The Fund aims to provide capital appreciation by investing primarily in Sukuk both locally and globally.  Note:  Any material change to the investment objective of the Fund would require Unit Holders' approval.                                                                                                                                                         |
| Duration                         | The Fund was established on 12 June 2012 and shall exist for as long as it appears to the Manager and the Trustee that it is in the interests of the unitholders for it to continue. In some circumstances, the unitholders can resolve at a meeting to terminate the Fund.                                                                                                |
| Performance<br>Benchmark         | BPAM Corporates Sukuk Index ("BPAMCSI") (Available at www.aminvest.com)  The performance benchmark has been changed from Bloomberg AIBIM Bursa Malaysia Sovereign Shariah Index (BMSSI) because BMSSI has been discontinued by Bloomberg effective 25 July 2015.  Note: The risk profile of the Fund may not be the same as the risk profile of the performance benchmark. |
| Income<br>Distribution<br>Policy | Class A and Class B:<br>Income distribution (if any) is incidental.                                                                                                                                                                                                                                                                                                        |

| (times) <sup>(3)</sup>          | 0.24                            | 0.29       | 0.88       | 0.76       |

<sup>\*</sup> Above prices and net asset value per unit are not shown as ex-distribution.

#### Note:

- (1) Total return is the actual/annualised return of the Fund for the respective financial period/years computed based on the net asset value per unit and net of all fees.
- (2) Total expense ratio ("TER") is calculated based on the total fees and expenses incurred by the Fund divided by the average fund size calculated on a daily basis.
- (3) Portfolio turnover ratio ("PTR") is calculated based on the average of the total acquisitions and total disposals of investment securities of the Fund divided by the average fund size calculated on a daily basis.

- (b) BPAM Corporates Sukuk Index ("BPAMCSI") (Available at www.aminvest.com)
  \*\* Benchmark from 20 June 2012 to 25 July 2015
  - Bloomberg AlBIM Bursa Malaysia Sovereign Shariah Index (BMSSI).

The Fund performance is calculated based on net asset value per unit of the Fund. Average total return of the Fund and its benchmark for a period is computed based on the absolute return for that period annualised over one year.

Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may go down, as well as up.

#### Fund Performance

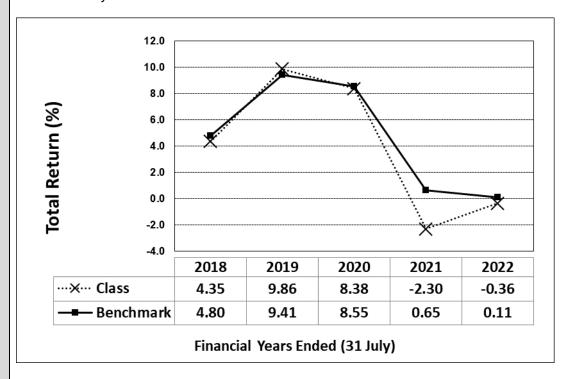

#### Class A

For the financial period under review, the Fund registered a return of 2.21% which is entirely capital growth in nature.

Thus, the Fund's return of 2.21% has underperformed the benchmark's return of 3.06% by 0.85%.

As compared with the financial year ended 31 July 2022, the net asset value ("NAV") per unit of the Fund increased by 2.21% from RM1.3828 to RM1.4134, while units in circulation decreased by 16.68% from 10,257,952 units to 8,547,397 units.

The following line chart shows comparison between the annual performances of AmDynamic Sukuk – Class A and its benchmark, BPAMCSI, for the financial years ended 31 July.

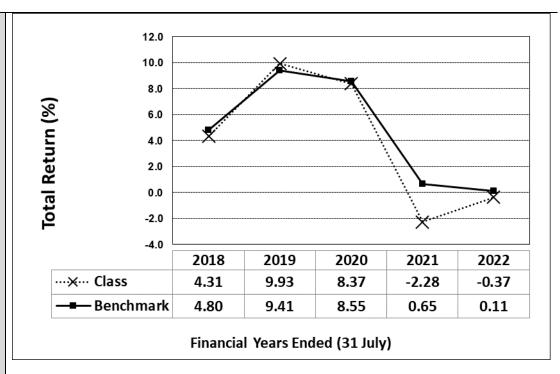

#### Class B

For the financial period under review, the Fund registered a return of 2.21% which is entirely capital growth in nature.

Thus, the Fund's return of 2.21% has underperformed the benchmark's return of 3.06% by 0.85%.

As compared with the financial year ended 31 July 2022, the net asset value ("NAV") per unit of the Fund increased by 2.21% from RM1.3338 to RM1.3633, while units in circulation remain unchanged at 1,954,119 units.

The following line chart shows comparison between the annual performances of AmDynamic Sukuk – Class B and its benchmark, BPAMCSI, for the financial years ended 31 July.

Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may go down, as well as up.

# Strategies and Policies Employed

To achieve the investment objective, the Fund undertakes active management to enhance and optimize returns from investing in sovereign, quasi-sovereign and corporate sukuk. There is no minimum rating for a sukuk purchased or held by the Fund. This is to enable the Manager of the Fund to take a relatively high level of calculated credit risk for the Fund, justified by the relatively high level of expected return that could be generated by the Fund in return for taking the higher level of credit risk. In managing the Fund, the Manager may opt to invest in the investments either directly or via collective investment schemes.

In managing the Fund, the Manager of the Fund employs active tactical duration management; yield curve positioning and credit spread arbitrage. Credit spread arbitrage and yield curve positioning is part of relative value approach that involves analysis of general economic and market conditions and the use of models to analyze and compare expected returns as well as the assumed risks. The Manager will focus on sukuk that would deliver better returns to the Fund for a given level of risk. In addition, the Manager may also consider sukuk with favourable or improving credit outlook that provide the potential for capital appreciation for these investments. The Fund may invest in sukuk of varying maturities. The Fund's investment maturity profile is subject to active tactical duration management in view of the interest rate scenario without any portfolio maturity limitation.

The Fund may invest globally in foreign markets where the regulatory authority is a member of the International Organization of Securities Commissions ("IOSCO").

| Portfolio<br>Structure                       | The table below is the asset allocation of the Fund as at 31 January 2023 and 31 July 2022.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                    |                                                                                                                                          |                                                                                                                                         |

|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                   | In beginning of 2023, govvies yields traded significantly lower by 22bps to 31bps across the curve on growing expectations of peaking interest rates in domestic and global markets in January. The local bond market was trading firmer, tracking bullish US Treasuries (UST) movements following release of weaker than expected economic data including slower wage growth rate and a plunge in ISM Services PMI into contractionary zone. The significant yield movements came after BNM surprised the market with a hold on the Overnight Policy Rate (OPR) at 2.75% on 19 January. |
| Market<br>Outlook | Focus will now shift to BNM Monetary Policy Committee (MPC) meeting on 8-9 March to see if BNM will re-embark on its tightening, having paused unexpectedly in January. We expect another one to two OPR hikes this year following the more positive Malaysia economic outlook by the government in the recent Budget announcement. This may lead to more volatility in government bond yields but corporate bonds are expected to remain supported especially in the longer end of the yield curve.                                                                                     |

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 1. GENERAL INFORMATION

AmDynamic Sukuk ("the Fund") was established pursuant to a Deed dated 20 May 2011 as amended by Deeds supplemental thereto ("the Deed"), between AmFunds Management Berhad as the Manager, Deutsche Trustees Malaysia Berhad as the Trustee and all unit holders.

The Fund aims to provide capital appreciation by investing primarily in sukuk both locally and globally. As provided in the Deed, "the accrual period" or financial year shall end on 31 July and the units in the Fund for Class A and Class B were first offered for sale on 12 June 2012 and 16 July 2014 respectively.

The financial statements were authorised for issue by the Manager on 24 March 2023.

#### 2. BASIS OF PREPARATION OF THE CONDENSED FINANCIAL STATEMENTS

The condensed financial statements of the Fund have been prepared on a historical cost basis, except as otherwise stated in the accounting policies and comply with Malaysian Financial Reporting Standards 134: Interim Financial Reporting ("MFRS 134") as issued by the Malaysian Accounting Standards Board ("MASB").

#### Standards effective during the financial period

The adoption of MFRS which has been effective during the financial period did not have any material financial impact to the financial statements, which as per the following:

| Description                                                                             | Effective for<br>financial periods<br>beginning on or after |
|-----------------------------------------------------------------------------------------|-------------------------------------------------------------|
| Amendments to MFRSs contained in the document entitled                                  |                                                             |

**Description** 

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

## 2. BASIS OF PREPARATION OF THE CONDENSED FINANCIAL STATEMENTS (CONT'D.)

#### Standards issued but not yet effective

The standards and amendments to standards that have been issued but not yet effective up to the date of issuance of the Fund's financial statements are disclosed below. The Fund intends to adopt these new pronouncements, if applicable, when they become effective:

Effective for financial periods beginning on or after

| MFRS 17 Insurance Contracts and Amendments to MFRS 17*              | 1 January 2023 |
|---------------------------------------------------------------------|----------------|
| Initial Application of MFRS 17 and MFRS 9 - Comparative Information |                |
| (Amendments to MFRS 17 Insurance Contracts)*                        | 1 January 2023 |
| Amendments to MFRS 101 Presentation of Financial Statements:        |                |
| Classification of Liabilities as Current or Non-current             | 1 January 2023 |
| Amendments to MFRS 101 Presentation of Financial Statements:        |                |
| Disclosure of Accounting Policies                                   | 1 January 2023 |
| Amendments to MFRS 108 Accounting Policies, Changes in Accounting   |                |
| Estimates and Errors: Definition of Accounting Estimates            | 1 January 2023 |
| Amendments to MFRS 112 Income Taxes: Deferred Tax related to        |                |
| Assets and Liabilities arising from a Single Transaction            | 1 January 2023 |
| Amendments to MFRS 16 Leases: Lease Liability in a Sale and         |                |
| Leaseback*                                                          | 1 January 2024 |
| Amendments to MFRS 101 Presentation of Financial Statements:        |                |
| Non-current Liabilities with Covenants                              | 1 January 2024 |
| Amendments to MFRS 10 and MFRS 128: Sale or Contribution            | •              |
| of Assets between an Investor and its Associate or Joint Venture*   | Deferred       |
|                                                                     |                |

<sup>\*</sup> These MFRS and Amendments to MFRSs are not relevant to the Fund.

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 3.1 Income recognition

Income is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the income can be reliably measured. Income is measured at the fair value of consideration received or receivable.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

#### 3.1 Income recognition (cont'd.)

#### (i) Profit income

For all profit-bearing financial assets, profit income is calculated using the effective profit method. Effective profit rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. The calculation takes into account all contractual terms of the financial instrument and includes any fees or incremental costs that are directly attributable to the instrument and are an integral part of the effective profit rate, but not future credit losses.

Once the recorded value of a financial asset or a group of similar financial assets has been reduced due to an impairment loss, profit income continues to be recognised using the rate of return used to discount the future cash flows for the purpose of measuring the impairment loss.

#### (ii) Gain or loss on disposal of Shariah-compliant investments

On disposal of Shariah-compliant investments, the net realised gain or loss on disposal is measured as the difference between the net disposal proceeds and the carrying amount of the Shariah-compliant investments. The net realised gain or loss is recognised in profit or loss.

#### 3.2 Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

#### 3.3 Functional and presentation currency

Functional currency is the currency of the primary economic environment in which the Fund operates that most faithfully represents the economic effects of the underlying transactions. The functional currency of the Fund is Ringgit Malaysia ("RM") which reflects the currency in which the Fund competes for funds, issues and redeems units. The Fund has also adopted RM as its presentation currency.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

#### 3.4 Statement of cash flows

The Fund adopts the direct method in the preparation of the statement of cash flows.

Cash and cash equivalents are short-term, highly liquid Shariah-compliant investments that are readily convertible to cash with insignificant risk of changes in value.

#### 3.5 Distribution

Distributions are at the discretion of the Manager. A distribution to the Fund's unit holders is accounted for as a deduction from the retained earnings and realised income as finance cost-distribution to unit holders and recognised in the statement of comprehensive income, as the unit holders' contribution are classified as financial liability as per Note 3.6. Realised income is the income earned from profit income and net gain on disposal of Shariah-compliant investments after deducting expenses and taxation. A proposed distribution is recognised as a liability in the period in which it is approved. Distribution is either reinvested or paid in cash to the unit holders on the income payment date. Reinvestment of units is based on the NAV per unit on the income payment date, which is also the time of creation.

#### 3.6 Unit holders' contribution

The unit holders' contribution of the Fund is classified as liabilities under the requirements of MFRS 132 *Financial Instruments: Presentation ("MFRS 132")*.

Under MFRS 132, a unit trust fund with one common class of unit holders are classified as equity as it meets the requirement of having identical features. In a multi-unit class fund, if any one class (or a group of classes) can be differentiated in terms of their features, then all the classes will be classified as liability.

The Fund issues cancellable units in two classes which further details are disclosed in Note 9.

#### 3.7 Financial assets – initial recognition and measurement

#### (i) Initial recognition

Financial assets and financial liabilities are recognised when the Fund becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised using trade date accounting or settlement date accounting. The method used is applied consistently for all purchases and sales of financial assets that belong to the same category of financial assets.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

#### 3.7 Financial assets – initial recognition and measurement (cont'd.)

#### (ii) Initial measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at FVTPL, transaction costs that are attributable to the acquisition of the financial asset. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities not recorded at FVTPL, net of directly attributable transaction costs.

#### (iii) "Day 1" profit or loss

At initial measurement, if the transaction price differs from the fair value, the Fund immediately recognises the difference between the transaction price and fair value (a "Day 1" profit or loss) in profit or loss provided that fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. Level 1 input) or based on a valuation technique that uses only data from observable markets. In all other cases, the difference between the transaction price and model value is recognised in profit or loss on a systematic and rational basis that reflects the nature of the instrument over its tenure.

#### 3.8 Financial assets – classification and subsequent measurement

The classification and subsequent measurement of debt instruments held by the Fund are determined based on their business model and cash flow characteristics.

#### Business model

The business model reflects how the Fund manages the financial assets in order to generate cash flows. That is, whether the Fund's objective is solely to collect the contractual cash flows from the assets, or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. the financial assets are held for trading purposes), then the financial assets are classified as part of "other" business model. Factors considered by the Fund in determining the business model for a portfolio of assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, and how risks are assessed and managed.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

#### 3.8 Financial assets – classification and subsequent measurement (cont'd.)

Cash flow characteristics

Where the business model is to hold the financial assets to collect contractual cash flows, or to collect contractual cash flows and sell, the Fund assesses whether the financial assets' contractual cash flows represent solely payment of principal and profit ("SPPP"). In making this assessment, the Fund considers whether the contractual cash flows are consistent with a basic financing arrangement, i.e. profit includes only consideration for time value of money, credit risk, other basic financing risks and a profit margin that is consistent with a basic financing arrangement. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are SPPP.

#### 3.9 Financial assets under MFRS 9

#### (i) Classification and measurement

The classification of financial assets depends on the Fund's business model of managing the financial assets in order to generate cash flows ("business model test") and the contractual cash flow characteristics of the financial instruments ("SPPP test"). The business model test determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both and the assessment is performed on a portfolio basis. The SPPP test determines whether the contractual cash flows are solely for payments of principal and profit and the assessment is performed on a financial instrument basis.

The Fund may classify its financial assets under the following categories:

#### Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding. Financial assests include in this category are deposits with licensed financial institutions, cash at banks, amount due from Target Fund Manager, amount due from Manager, amount due from brokers/financial institutions, dividend/distribution receivables and other receivables.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

#### 3.9 Financial assets under MFRS 9 (cont'd.)

#### (i) Classification and measurement (cont'd.)

#### Financial assets at FVOCI

A financial asset is measured at fair value through other comprehensive income ("FVOCI") if its business model is both to hold the asset to collect contractual cash flows and to sell the financial asset. In addition, the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and profit on the outstanding principal.

These Shariah-compliant investments are initially recorded at fair value and transaction costs are expensed in the profit or loss. Subsequent to initial recognition, these Shariah-compliant investments are remeasured at fair value. All fair value adjustments are initially recognised through OCI. Debt instruments at FVOCI are subject to impairment assessment.

#### Financial assets at FVTPL

Any financial assets that are not measured at amortised cost or FVOCI are measured at FVTPL. Subsequent to initial recognition, financial assets at FVTPL are measured at fair value. Changes in the fair value of those financial instruments are recorded in "Net gain or loss on financial assets at FVTPL". Profit earned element of such instrument is recorded in "Profit income".

Instruments that qualify for amortised cost or FVOCI may be irrevocably designated as FVTPL, if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Equity instruments are normally measured at FVTPL, nevertheless, the Fund is allowed to irrevocably designate equity instruments that are not held for trading as FVOCI, with no subsequent reclassification of gains or losses to profit or loss.

#### 3.10 Financial liabilities - classification and subsequent measurement

Financial liabilities issued by the Fund are classified as financial liabilities at amortised cost, where the substance of the contractual arrangement results in the Fund having an obligation either to deliver cash or another financial asset to the holder. After initial measurement, financial liabilities are subsequently measured at amortised cost using the effective profit method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective profit rate.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

#### 3.11 Derecognition of financial instruments

#### (i) Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- the rights to receive cash flows from the asset have expired, or
- the Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either:
  - the Fund has transferred substantially all the risks and rewards of the asset, or
  - the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

For Shariah-compliant investments classified as FVOCI - debt instruments, the cumulative fair value change recognised in OCI is recycled to profit or loss.

#### (ii) Derecognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Gains and losses are recognised in profit or loss when the liabilities are recognised, and through the amortisation process.

#### 3.12 Financial instruments – expected credit losses ("ECL")

The Fund assesses on a forward-looking basis the ECL associated with its financial assets at amortised cost. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The ECL in respect of financial assets at amortised cost, if any, is recognised in profit or loss.

Financial assets together with the associated allowance are written off when it has exhausted all practical recovery efforts and there is no realistic prospect of future recovery. The Fund may also write-off financial assets that are still subject to enforcement activity when there is no reasonable expectation of full recovery. If a write-off is later recovered, the recovery is credited to profit or loss.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

#### 3.13 Determination of fair value

For Shariah-compliant investments in local fixed income securities, nominal value is the face value of the securities and fair value is determined based on the indicative prices from Bond Pricing Agency Malaysia Sdn Bhd plus accrued profit, which includes the accretion of discount and amortisation of premium. Adjusted cost of Shariah-compliant investments relates to the purchased cost plus accrued profit, adjusted for amortisation of premium and accretion of discount, if any, calculated over the period from the date of acquisition to the date of maturity of the respective securities as approved by the Manager and the Trustee. The difference between adjusted cost and fair value is treated as unrealised gain or loss and is recognised in profit or loss. Unrealised gains or losses recognised in profit or loss are not distributable in nature.

#### 3.14 Classification of realised and unrealised gains and losses

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised (i.e. sold, redeemed or matured) during the reporting period.

Realised gains and losses on disposals of financial instruments classified at FVTPL are calculated using the weighted average method. They represent the difference between an instrument's initial carrying amount and disposal amount.

#### 3.15 Significant accounting estimates and judgments

The preparation of the Fund's financial statements requires the Manager to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability in the future.

The Fund classifies its Shariah-compliant investments as financial assets at FVTPL as the Fund may sell its Shariah-compliant investments in the short-term for profit-taking or to meet unit holders' cancellation of units.

No major judgments have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 4. SHARIAH-COMPLIANT INVESTMENTS

| Financial assets at FVTPL   | Note | 31.1.2023<br>RM | 31.7.2022<br>RM |
|-----------------------------|------|-----------------|-----------------|

| <ul><li>investments</li><li>Net unrealised gain/(loss) on changes in fair value</li></ul>                      | (88,915)                       | 104,425                        |
| of Shariah-compliant investments                                                                               | 160,841                        | (420,810)                      |
|                                                                                                                | 71,926                         | (316,385)                      |

#### 9. NAV ATTRIBUTABLE TO UNIT HOLDERS

Total NAV attributable to unit holders is represented by:

|                                      | Note | 31.1.2023<br>RM | 31.7.2022<br>RM |
|--------------------------------------|------|-----------------|-----------------|
| Unit holders' contribution - Class A | (a)  | 9,566,009       | 11,963,030      |
| Unit holders' contribution - Class B | (b)  | 2,919,575       | 2,919,575       |
| Retained earnings                    |      |                 |                 |
| - Realised income                    | (c)  | 2,550,072       | 2,360,054       |
| - Unrealised losses                  | (d)  | (290,916)       | (451,757)       |
|                                      |      | 14,744,740      | 16,790,902      |

The Fund issues cancellable units in two classes as detailed below:

|                  |                       | Category of | Distribution |
|------------------|-----------------------|-------------|--------------|
| Classes of units | Currency denomination | investors   | policy       |
| Class A          | RM                    | Mixed       | Incidental   |
| Class B          | RM                    | Mixed       | Incidental   |

There are different charges and features for each class as follows:

- (i) Minimum initial investments for each class
- (ii) Entry charges

| Loss not allowed for tax deduction                                      | (14,497)                       | 100,994                        |
| Restriction on tax deductible expenses for unit trust fund              | 18,541                         | 20,892                         |
| Non-permitted expenses for tax purposes                                 | 3,160                          | 3,444                          |
| Tax expense for the financial period                                    | 3,798                          |                                |

#### 12. TOTAL EXPENSE RATIO ("TER")

The Fund's TER is as follows:

|                       | 1.8.2022 to<br>31.1.2023<br>% p.a. | 1.8.2021 to<br>31.1.2022<br>% p.a. |
|-----------------------|------------------------------------|------------------------------------|
| Manager's fee         | 0.51                               | 1.00                               |
| Trustee's fee         | 0.03                               | 0.06                               |
| Fund's other expenses | 0.07                               | 0.13                               |
| Total TER             | 0.61                               | 1.19                               |

The TER of the Fund is the ratio of the sum of fees and expenses incurred by the Fund to the average NAV of the Fund calculated on a daily basis.

#### 13. PORTFOLIO TURNOVER RATIO ("PTR")

The PTR of the Fund, which is the ratio of average total acquisitions and disposals of Shariah-compliant investments to the average NAV of the Fund calculated on a daily basis, is 0.24 times (2022: 0.11 times).

#### 14. SEGMENTAL REPORTING

In accordance with the objective of the Fund, substantially all of the Fund's Shariah-compliant investments are made in the form of Shariah-compliant fixed income securities and Islamic money market instruments in Malaysia. The Manager is of the opinion that the risk and rewards from these Shariah-compliant investments are not individually or segmentally distinct and hence the Fund does not have a separately identifiable business or geographical segments.

## NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 15. TRANSACTIONS WITH FINANCIAL INSTITUTIONS

Details of transactions with financial institutions for the financial period ended 31 January 2023 are as follows:

| Financial institutions                  | Transa    | Transaction value |  |
|-----------------------------------------|-----------|-------------------|--|
|                                         | RM        | %                 |  |
| RHB Investment Bank Berhad              | 3,062,046 | 39.31             |  |
| HSBC Bank Malaysia Berhad               | 1,500,000 | 19.26             |  |
| Standard Chartered Bank Malaysia Berhad | 991,151   | 12.72             |  |
| CIMB Bank Berhad                        | 912,970   | 11.72             |  |
| CIMB Islamic Bank Berhad                | 506,294   | 6.50              |  |
| Malayan Banking Berhad                  | 498,580   | 6.40              |  |
| Hong Leong Bank Berhad                  | 318,237   | 4.09              |  |
| Total                                   | 7,789,278 | 100.00            |  |

There is no transaction with financial institutions related to the Manager, during the financial period.

The above transactions are in respect of Shariah-compliant fixed income instruments. Transactions in these Shariah-compliant investments do not involve any commission or brokerage.

#### 16. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks that include market risk, credit risk, liquidity risk, single issuer risk, regulatory risk, management risk, non-compliance risk and Shariah non-compliance risk.

Risk management is carried out by closely monitoring, measuring and mitigating the above said risks, careful selection of Shariah-compliant investments coupled with stringent compliance to Shariah-compliant investments restrictions as stipulated by the Capital Market and Services Act 2007, Securities Commission Malaysia's Guidelines on Unit Trust Funds and the Deed as the backbone of risk management of the Fund.

#### (a) Market risk

The Fund's principal exposure to market risk arises primarily due to changes in the market environment, global economic and geo-political developments.

#### NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 16. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

#### (a) Market risk (cont'd.)

Financial markets have experienced and may continue to experience significant volatility resulting from the spread of a novel coronavirus known as Covid-19. The outbreak of Covid-19 has resulted in travel and border restrictions, quarantines, supply chain disruptions, lower consumer demand and general market uncertainty. The outcome of global and local financial markets are highly uncertain and cannot be predicted at this point in time. Due to this, the Manager of the Fund is unable to reliably estimate the quantitative impact of Covid-19 towards the Fund's performance for the next twelve months. The Manager of the Fund will continue to actively monitor the developments in the market to minimise any potential impact to the Fund.

The Fund's market risk is affected primarily by the following risks:

#### (i) Rate of return risk

Rate of return risk will affect the value of the Fund's Shariah-compliant investments, given the rate of return movements, which are influenced by regional and local economic developments as well as political developments.

Domestic profit rates on deposits and placements with licensed financial institutions are determined based on prevailing market rates.

Although Islamic Fund does not deal with interest-bearing accounts and products, the fluctuation of profit rate may affect the performance of an Islamic Fund.

#### (b) Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge an obligation. The Fund is exposed to the risk of sukuk issuers and financial institutions defaulting on their repayment obligations which in turn would affect the NAV of the Fund.

For deposit with licensed financial institution, the Fund makes placements with financial institutions with sound rating of P1/MARC-1 and above. Cash at bank is held for liquidity purposes and is not exposed to significant credit risk.

## NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE FINANCIAL PERIOD FROM 1 AUGUST 2022 TO 31 JANUARY 2023

#### 16. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

#### (c) Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its liabilities or redeem its units earlier than expected. The Fund maintains sufficient level of liquid assets, after consultation with the Trustee, to meet anticipated payments and cancellations of units by unit holders. Liquid assets comprise of deposits with licensed financial institutions and other instruments, which are capable of being converted into cash within 5 to 7 days. The Fund's policy is to always maintain a prudent level of liquid assets so as to reduce liquidity risk.

#### (d) Single issuer risk

Internal policy restricts the Fund from investing in securities issued by any issuer of not more than a certain percentage of its NAV. Under such restriction, the risk exposure to the securities of any single issuer is diversified and managed based on internal/external ratings.

#### (e) Regulatory risk

Any changes in national policies and regulations may have effects on the capital market and the NAV of the Fund.

#### (f) Management risk

Poor management of the Fund may cause considerable losses to the Fund that in turn may affect the NAV of the Fund.

#### (g) Non-compliance risk

This is the risk of the Manager or the Trustee not complying with the respective internal policies, the Deed and its Supplemental Deed, securities law or guidelines issued by the regulators relevant to each party, which may adversely affect the performance of the Fund.

#### (h) Shariah non-compliance risk

This is the risk of the Fund not conforming to Shariah Investment Guidelines. The Shariah adviser for the Fund would be responsible for ensuring that the Fund is managed and administered in accordance with Shariah Investment Guidelines. Note that as the Fund can only invest in Shariah-compliant instruments, non-compliance may adversely affect the NAV of the Fund when the rectification of non-compliance results in losses.

#### STATEMENT BY THE MANAGER

I, Goh Wee Peng, being the Director of and on behalf of the Board of Directors of AmFunds Management Berhad (the "Manager"), do hereby state that in the opinion of the Manager, the accompanying condensed financial statements are drawn up in accordance with Malaysian Financial Reporting Standards 134: Interim Financial Reporting so as to give a true and fair view of the financial position of AmDynamic Sukuk (the "Fund") as at 31 January 2023 and the comprehensive income, the changes in net assets attributable to unit holders and cash flows for the financial period then ended.

For and on behalf of the Manager
