

# AmPRS-Asia Pacific REITs Class I

## Fund Overview

### Investment Objective

AmPRS – Asia Pacific REITs (the "Fund") aims to provide income\* and to a lesser extent capital appreciation over the medium to long term by primarily investing in real estate investment trusts (REITs).

### The Fund is suitable for Members seeking:

- an investment exposure through a diversified portfolio of REITs in Asia Pacific region; and
- income\* and to a lesser extent capital appreciation over the medium to long term

Notes: \*Income distribution (if any) will be reinvested in the form of units.

Any material change to the investment objective of the Fund would require Unit Holders' approval.

### PRS Provider's Commentary (as at 28 February 2025)

The Asian REITs markets, including Singapore, Australia, and Japan, registered negative return in February, following a positive return in January. The pace of Fed rate cuts has turned uncertain under the Trump administration. In terms of fiscal policy, Trump is expected to extend the Tax Cuts and Jobs Acts permanently to allow more liberal personal tax cuts and larger corporate tax breaks. This looser fiscal policy is anticipated to put pressure back on inflation in the US which in turn could dial back rate cut expectation on the US Fed. However, the Fed rate path in 2025 should still be a downtrend.
