What is the AmPRS?

AmPRS (the “Scheme”) is the first private retirement scheme brought to you by AmFunds Management Berhad (the “PRS Provider” or “AFM”). It is a private retirement scheme that aims to provide Malaysians and foreigners (excluding US Person), whether employed or self-employed, an opportunity to enhance their retirement savings* by making additional voluntary long term contributions under a well-structured and regulated environment. The AmPRS aims to provide a range of funds suiting individual’s retirement needs, goals and risk appetite. It is also a long term retirement savings* plan that enables you to save* money for your retirement.

Funds under the Scheme:

Name of Funds	Fund Category
AmPRS – Growth Fund	Core (Growth)
AmPRS – Moderate Fund	Core (Moderate)
AmPRS – Conservative Fund	Core (Conservative)
AmPRS – Islamic Equity Fund	Equity (Islamic)
AmPRS – Islamic Balanced Fund	Balanced (Islamic)
AmPRS – Tactical Bond	Feeder Fund (Bond)
AmPRS – Dynamic Sukuk	Feeder Fund (Sukuk)
AmPRS – Asia Pacific REITs	Real estate (REITs)

Hereinafter, collectively called the “Funds” or the “Core Funds” and individually called the “Fund”.

What is the Fund about?

AmPRS – Islamic Balanced Fund is an Islamic balanced fund issued by AmFunds Management Berhad that aims to provide medium to long term capital growth by investing in Shariah Compliant equities, Sukuk and Shariah Compliant money market instruments.

Who is the Fund suitable for?

The Fund is suitable for Members who seek:

- medium to long term capital growth on their Shariah Compliant investment;
- a balanced portfolio that includes Shariah Compliant equities, Sukuk and Islamic money market instruments; and
- a long term retirement savings* plan

*Note: * Please note that Members’ capital is neither guaranteed nor protected.*

What is AmPRS – Islamic Balanced Fund?

The AmPRS – Islamic Balanced Fund has been certified as being Shariah-compliant by the Shariah Adviser appointed for the Fund.

Fund Category	Balanced (Islamic)
Fund Type	Growth
Investment Objective	AmPRS – Islamic Balanced Fund aims to provide medium to long term capital growth by investing in Shariah Compliant equities, Sukuk and Islamic money market instruments. <i>Note: Any material change to the investment objective of the Fund would require Members’ approval.</i>
Investment Strategy	The AmPRS – Islamic Balanced Fund may invest its assets into a well-diversified portfolio comprising the following asset classes: <ul style="list-style-type: none"> • Shariah Compliant Equities and/or Shariah Compliant equity-related securities; • Sukuk and Islamic money market instruments; and • Islamic deposits. <p>The AmPRS – Islamic Balanced Fund will invest in Shariah compliant securities that are traded and/or listed in the local and foreign Eligible Markets.</p> <p>The Investment Manager may opt to invest in the Shariah compliant securities directly or via Islamic CIS of AFM or other Islamic CIS such as REITs and ETFs that comply with Shariah Principles.</p> <p>In the event of a severe market condition, the Investment Manager may employ a temporary defensive position and deviate from the investment strategy and asset allocation of the Fund by reducing the Fund’s exposure in Shariah compliant equities and/or Shariah compliant equity-related securities and increasing the Fund’s exposure in Sukuk, Islamic money market instruments and Islamic deposits.</p> <p>The AmPRS – Islamic Balanced Fund may also use Islamic hedging instruments for the purpose of hedging (subject to the PRS Guidelines) if it is deemed necessary to do so.</p>
Asset Allocation	<ul style="list-style-type: none"> • 40% to 60% of the Fund’s NAV in Shariah Compliant Equities and/or Shariah Compliant equity-related securities (i.e. Shariah Compliant warrants); and • 40% to 60% of the Fund’s NAV in Sukuk, Islamic money market instruments and/or Islamic deposits, where a minimum of 1% of the Fund’s NAV will be in Islamic deposits.
Base Currency	Ringgit Malaysia (RM)
Performance Benchmark	<ul style="list-style-type: none"> • 15% MSCI AC Asia Pacific ex Japan Islamic Index¹ • 20% FTSE Bursa Malaysia Emas Shariah Index²

	<ul style="list-style-type: none"> 15% MSCI AC World Islamic Index 50% Quantshop Medium* GII Index <p><i>Note:</i> <i>* Medium means a duration of three (3) years to seven (7) years..</i></p>
Launch Date	25 November 2013
Distribution Policy	<p>Subject to availability of income, distribution (if any) is incidental.</p> <p>At the Investment Manager's discretion, the Fund may distribute from its gain, income and capital. The rationale for distribution out of capital is to allow the Fund the ability to (i) declare distribution when the Fund has insufficient realised gains or realised income to do so or (ii) increase the amount of distributable income to the Members, after taking into consideration the risk of distributing out of capital.</p> <p>The Fund aims to provide Medium to Long Term capital growth. While this may generally mean that the Fund seeks to increase its NAV per unit over the Medium to Long Term, distributing out of capital may not necessarily erode the value of the investment of the Members as the distributions declared are reinvested back into the Fund. Hence, the Fund's capital distribution, if any, would still be consistent with the investment objective of the Fund.</p> <p>Distribution out of the Fund's capital has the effect of lowering the NAV of the Fund, may reduce part of the Members' original investment and may also result in reduced future returns to Members. When a substantial amount of the original investment is being returned to the Members, it has a risk of eroding the capital of the Fund and may, over time, cause the NAV of the Fund to fall. The greater the risk of capital erosion that exists, the greater the likelihood that, due to capital erosion, the value of future returns would also be diminished.</p> <p>Income distribution (if any) will be in the form of units.</p>

Who am I investing with?

PRS Provider	:	AmFunds Management Berhad ("AFM")
Investment Manager	:	AmIslamic Funds Management Sdn Bhd ("AIFM")
Trustee	:	Deutsche Trustees Malaysia Berhad
Trustee's Delegate (Custodian)	:	Deutsche Bank (Malaysia) Berhad
Taxation Advisor	:	Deloitte Tax Services Sdn Bhd
Auditor	:	Ernst & Young PLT

All transactions with related parties are to be executed on terms which are best available to the Fund and which are not less favourable to the Fund than an arm's length transaction between independent parties. The Fund may have dealings with parties related to the PRS Provider. The related parties defined are AIFM, AmInvestment Bank Berhad, AmInvestment Group Berhad, AmBank (M) Berhad and AmBank Islamic Berhad. The directors of AFM may have direct or indirect interest through their directorships in parties related to AFM.

The PRS Provider may conduct cross trades between funds and private mandates it currently manages provided that all criteria imposed by the regulators are met. Notwithstanding, cross trades between the personal account of an employee of the PRS Provider and the Fund's account and between the PRS Provider's proprietary trading accounts and the Fund's account are strictly prohibited. The execution of cross trade will be reported to the investment committee and disclosed in the Fund's reports accordingly.

How does the Scheme work?

Contributions to the Fund(s) under the AmPRS can be received by a PRS Provider from an employer (who contributes for its employees) or from any individual who has attained the age of 18 years as of the date of opening of a private pension account with the PPA.

If you do not specify your investment option when making a contribution, we will automatically allocate your contribution into Core Funds under the default option of the Scheme, according to your age. Effective 1 March 2021, the default option of this Scheme consists of the following Core Funds:

Core Fund	Age
AmPRS – Conservative Fund	for Members aged 55 years and above
AmPRS – Moderate Fund	for Members aged 45 years and above but have not reached 55 years
AmPRS – Growth Fund	for Members below 45 years old

Note: The current retirement age is fifty five (55) years old or any another age as may be specified by the Securities Commission Malaysia ("SC").

You may actively select one or more Core Funds or non-Core Funds notwithstanding that the Core Funds do not correspond with your age.

All contributions made by a Member will be maintained in two separate sub-accounts by the PRS Provider as follows:

- Sub-Account A which holds 70% of all contributions made to any Fund under the Scheme which is reflected in units which are not available for pre-retirement withdrawal, except for death of a Member or permanent departure of a Member from Malaysia or withdrawal due to permanent total disablement, serious disease or mental disability; and
- Sub-Account B which holds 30% of all contributions made to any Fund under the Scheme which is reflected in units which are available for pre-retirement withdrawal, subject to payment of tax penalty set by the Inland Revenue Board ("IRB"), which will be deducted by the PRS Provider from the redeemed amount. However, the tax penalty is not applicable for withdrawals due to death of a Member, permanent departure of a Member from Malaysia, permanent total disablement, serious disease, mental disability of a Member, for healthcare purposes or for housing purposes.

However, where an employer makes a contribution on behalf of an employee, the vested units may be maintained in Sub-Account A only.

Cooling-off

If you make a contribution and later decide that the investment does not suit your needs, you may withdraw your money within the cooling-off period. You may exercise cooling-off rights within six (6) Business Days of making the contribution. This is however, only available on your first contribution in any private retirement scheme. The PRS Provider will process and pay the cooling-off proceeds to the Member within seven (7) Business Days after the PPA's authorization is received by the PRS Provider. The cooling-off right is not available for subsequent contributions whether to the Scheme or a private retirement scheme managed by another PRS provider. The cooling-off right is not available to staff of the PRS Provider, persons registered with a body approved by the SC to deal in private retirement schemes and contributions made to the Scheme by employer on behalf of employee.

Transfer of units

For pre-retirement transfer from one or multiple Funds under the Scheme to another PRS providers, it can be requested by a Member once every calendar year provided that such Member has been a Member of the Scheme (whether via Member's contribution or employee's contribution) for at least one year and all accrued benefit to be transferred from a Fund must be transferred to only one (1) other Fund. The PRS Provider must pay the proceeds to the other PRS provider within five (5) Business Days upon receiving a complete transfer form from the PPA. For units issued under or pursuant to Employer-Sponsored Retirement Schemes which are subject to Vesting Schedules, transfer is not permitted until such units are unconditionally vested in a Member.

Switching of funds

Switching is allowed between Funds under the Scheme subject to a fee. However, switching between Class(es) within a Fund and switching between Class(es) between Funds are not allowed. For switches between Funds under the Scheme, you may be charged up to 3.00% of amount switched. For example, you will be charged 2% of switching fee when you switch from a lower sales charge fund (i.e. 1% sales charge) to a higher sales charge fund (i.e. 3% sales charge).

However, you can only switch units in a Fund to another Fund under the Scheme, provided it is under the same sub-account, i.e. Sub-Account A of AmPRS – Growth Fund to Sub-Account A of AmPRS – Moderate Fund. Switching between Class(es) is not allowed. For example, you are not allowed to switch from Class D of AmPRS – Growth Fund to Class I of AmPRS – Growth Fund. You are also not allowed to switch from Class D of AmPRS – Growth Fund to Class I of AmPRS – Moderate Fund.

Note: Switching from a Shariah Compliant fund to any other non-Shariah Compliant fund(s) is discouraged for Muslim Members.

Withdrawals

Request for payment for withdrawals from any of the Funds under the Scheme may be made in the following circumstances:

No.	Circumstances for withdrawal	Sub-Account	Extent of withdrawals	Period for payment to be made
a)	After the day the Member reaches the Retirement Age	A & B	Partial or full	Within seven (7) Business Days after the PRS Provider received a complete withdrawal request from a Member
b)	Pre-retirement withdrawals from Sub-Account B	B	Partial or full	
c)	Permanent departure of a Member from Malaysia	A & B	Full	
d)	Following death of a Member (regardless of whether or not a nomination has been made)	A & B	Partial or full	Within seven (7) Business Days after the PRS Provider received an authorization from the PPA
e)	Withdrawals due to permanent total disablement, serious disease or mental disability of a Member	A & B	Full	Within seven (7) Business Days after the PRS Provider received a complete withdrawal request (either received directly or through a notification from the PPA)
f)	For healthcare purpose	B	Partial or full	Within seven (7) Business Days after the PRS Provider received a complete withdrawal request
g)	For housing purpose	B	Partial of full	

In relation to request for withdrawal, the PRS Provider may receive such request from a Member, a nominee, an executor, trustee or administrator of a Member's estate either directly or through a notification from PPA. The PRS Provider also must obtain prior authorization from PPA before issuing instructions to the Scheme Trustee to cancel units in the case of a withdrawal following the death of a Member. The PRS Provider or PPA, as the case may be, may require the Member to provide evidence of the facts necessary to establish the Member's right to withdraw monies from any Fund under the Scheme.

The pre-retirement withdrawal from Sub-Account B above can be requested by a Member once every calendar year provided that such Member has been a Member of the Scheme (whether via Member's contribution or employer's contribution) for at least one year. Members who have contributed to funds of multiple PRS providers may request for multiple pre-retirement withdrawals in a year provided only one pre-retirement withdrawal request is made to each PRS provider.

A PRS Provider will deduct the applicable tax penalty of eight percent (8%) or such other applicable tax penalty from the withdrawn amount before making payment to the Member. However, for pre-retirement withdrawals due to death of a Member, permanent departure of a Member from Malaysia, permanent total disablement, serious disease, mental disability of a Member, for healthcare purposes, for housing purposes or upon reaching the Retirement Age, a Member shall be entitled to withdraw full amount accumulated in all Funds under the Scheme held by the Member as accrued benefits without payment of any tax. For units issued under or pursuant to Employer-Sponsored Retirement Schemes which are subject to Vesting Schedules, withdrawal is not permitted until such units are unconditionally vested in a Member.

What are the risks?

General investment risks

Market Risk	This is the risk of prices of assets falling in response to general market factors such as economic factors, socio-political environment, regulatory factors and broad investor sentiment.
Inflation Risk	This is the risk that Members' investment in the Fund may not grow or generate income at a rate that keeps pace with inflation.
Investment Manager Risk	This is the risk of the Investment Manager making poor investment decisions which may adversely affect

	the performance of the Fund.
Country Risk	Investments of the Fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in.
Non-Compliance Risk	This is the risk of the PRS Provider, its delegates or the Trustee not complying with their respective internal policies, the deed and its supplemental deed, securities law or guidelines issued by the regulators relevant to each party, which may adversely affect the performance of the Fund.
Capital and Returns Not Guaranteed	Members should take note that there is no guarantee of income distribution and capital appreciation.

Risks specific to the Fund

Company Specific Risk	This is the risk of prices of securities falling due to circumstances affecting individual companies.
Credit and Default Risk	Credit risk relates to the creditworthiness of the issuers of the debt instruments and its expected ability to make timely payment of profit or interest and/or principal. Default risk relates to issuer of a debt instrument either defaulting in payments or failing to make payments in a timely manner which will in turn adversely affect the value of the Fund.
Interest Rate Risk	This is the risk of an increase in interest rates causing the value of fixed income instruments held by the Fund to generally decline. Note that the term structure of interest rate is a general economic indicator that will have an impact on the Fund. It does not in any way suggest that the Fund will invest in conventional financial instruments.
Risks associated with Investment in REITs	Investing in REITs involves many of the same risks associated with direct ownership of real estate, including but not limited to possible declines in real estate's value, declines in real estate's ability in generating rental income, increase in interest rates, changes in property taxes and higher operating expenses.
Liquidity Risk	Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund and consequently the value of the Members' investments in the Fund will be negatively affected when it has to sell such assets at unfavourable prices.
Suspension Risk	Refers to situation where the PRS Provider suspends dealings of units in a Fund (no redemption or subscription are allowed) under exceptional circumstances as set out in Section 10.5 Temporary Suspension of Determination of NAV, Issue, Switching and Redemption of Units. Suspension of a Fund may potentially result in Members not being able to redeem their units into cash based on their liquidity needs and their investments will continue to be subject to the risk factors inherent in the Fund.
Currency Risk	This is the risk associated with investments that are denominated in currencies that are different from the base currency of the Fund. When the currency of foreign investments depreciates against the base currency of the Fund, the NAV of the Fund will be adversely affected when the foreign investments are expressed in the base currency of the Fund. This is in addition to any capital gains or losses from the investment.
Shariah Non-Compliance Risk	This is the risk of the Fund not conforming to Shariah Investment Guidelines. Note that as the Fund can only invest in Shariah Compliant instruments, non-compliance may adversely affect the NAV of the Fund when the rectification of non-compliance results in losses.
Capital Distribution Risk	The Fund may distribute from its capital. Capital distributions represent a return or withdrawal of part of the amount of the Members' original investment and/or capital gains attributable to the original investment and will result in a reduction in the NAV of the Fund and reduce the capital available for future investment and capital growth. Future capital growth may therefore be constrained.
Risk Associated with Investments in Shariah Compliant Equity-Related Securities	The Fund may also invest in Shariah compliant equity-related securities such as Shariah compliant warrants that are capable of being converted into Shariah compliant shares. As Shariah compliant warrants are linked to the particular Shariah compliant equity securities from which they are derived, the Shariah compliant warrants inherit the risks linked to that underlying Shariah compliant equity security such as market risk, currency risk, industry risk and liquidity risk. For investments in Shariah compliant warrants, a movement in the prices of the underlying Shariah compliant securities of the Shariah compliant warrants will generally result in a larger movement in the prices of the Shariah compliant warrants, that is, higher volatility. In the event of a decline in the market, Shariah compliant warrants can lose a substantial amount of their values, far more than the underlying Shariah compliant securities and vice versa. Shariah compliant warrants also have a limited life and if they are not exercised at the maturity, they will expire and become worthless causing the value of the Fund's investments to fall. Like any other investments, the fall in the value of the Fund's investments will ultimately lower the NAV of the Fund
Islamic Collective Investment Schemes Risk	Investing in Islamic CIS may be more costly to the Fund than if the Fund had invested in the underlying investments directly as the Fund will indirectly be paying the fees and expenses of the Islamic CIS. The Fund's investments in Islamic ETFs may subject the Fund to additional risks (such as risks related to the changes in the constituent securities of the index that the Islamic ETF is tracking which may result in the rise or fall of the price of the Islamic ETF or cessation of the index that the Islamic ETF is tracking which may result in the termination of the Islamic ETF) than if the Fund would have invested directly in the constituent securities of the index. Any adverse price movements of such Islamic ETFs will adversely affect the Fund's NAV.

Note: The abovementioned risks which Members should consider before contributing into the Scheme and Funds under the Scheme should not be considered to be an exhaustive list. Members should be aware that investments in the Fund(s) under the Scheme may be exposed to other unforeseeable risks from time to time. Members are advised to consult their professional adviser or refer to the Disclosure Document for further details on risks.

Basis of calculation and assumptions

AmPRS – Islamic Balanced Fund’s performance is calculated based on the net asset value per unit of the Fund. Average total return of the Fund and its benchmark for a period is computed based on the absolute return for that period annualised over one year.

Portfolio Turnover Ratio (PTR)

	Financial Year Ended 31 August 2024	Financial Year Ended 31 August 2023	Financial Year Ended 31 August 2022
PTR (times)	0.24	0.30	0.43
Remarks	The decrease in the PTR for 2024 and 2023 were due mainly to investing activities.		

Distribution

No income distribution was declared by the Fund for the last three financial years ended 31 August.

**Past performance of the Fund or the Scheme is not an indication of its future performance.
