## C. RISK FACTORS

### Page 15 – 16 of the Replacement Information Memorandum

#### SPECIFIC RISKS UNIQUELY ASSOCIATED WITH THE INVESTMENT PORTFOLIO OF THE FUND

1. The **“Risk of a Passive Strategy”** under this section is hereby deleted and replaced with the following:

As the Fund adopts a passive strategy of investing a minimum of 85% of its NAV into the Target Fund at all times, this strategy would result in the Fund being exposed to the risk of its NAV declining when the Target Fund’s NAV declines. This is because the Fund is closely mirroring the performance of the Target Fund and will not be adopting any temporary defensive strategies in response to such declines. All investment decisions are left with the fund manager of the Target Fund.

2. The **“Liquidity Risk”** under this section is hereby deleted and replaced with the following:

The Fund will be investing a minimum of 85% of its NAV in the Target Fund. In the event that the Target Fund is forced to dispose its illiquid stocks at a discount to the fair value of the security due to several factors such as large redemptions, the NAV of the Target Fund would be adversely affected, hence, the NAV of the Fund would also be similarly impacted.

In addition, there may be exceptional circumstances, which could cause delays in the redemption of shares of the Target Fund and units of the Fund. The exceptional circumstances are as follows:

- (a) the Target Fund may experience redemption that amounts to more than USD500,000 for a single investor on any Business Day, which may result in payment in excess of USD500,000 to be deferred for up to seven (7) business days beyond the normal settlement date (kindly refer to page 47 of the Replacement Information Memorandum for further details on settlement on redemptions);
- (b) the Target Fund may request for additional documentation or information of Unit Holders as may be required under applicable laws and regulations, which failure to provide may result in delay in processing of redemption requests or withholding of redemption proceeds;
- (c) the Target Fund may defer instructions to redeem or convert any shares of the Target Fund on any dealing day if there are redemption or outgoing conversion orders that day for all share classes of the Target Fund with an aggregate value exceeding a particular level (currently fixed at 10%) of the approximate value of the Target Fund; and
- (d) the existence of specific statutory provisions such as foreign exchange restrictions, or any circumstances beyond the Target Fund manager’s control which will make it impossible to transfer the redemption proceeds as requested by the Fund.

In any of above circumstances, the determination of the Fund’s NAV may be suspended and redemption requests may be deferred, until after the exceptional circumstances have passed and normal conditions have resumed. Unit Holders who have requested switching or redemption of their units will be notified in writing of any such suspension and will be promptly notified upon termination of such suspension. Any such suspension will be published in the newspapers in which the Fund’s unit prices are generally published if in the opinion of the Manager the suspension is likely to exceed one (1) week.

## D. THE FUND'S DETAILED INFORMATION

### Page 27 of the Replacement Information Memorandum

1. The “**Investment Strategy**” under this section is hereby deleted and replaced with the following:

The Fund seeks to achieve its investment objective by investing a minimum of 85% of the Fund's NAV in the BlackRock Global Funds – Global Multi-Asset Income Fund (“Target Fund”) at all times. This implies that the Fund has a passive strategy.

*Note: A replacement of this Target Fund would require Unit Holder's approval.*

2. The “**Asset Allocation**” under this section is hereby deleted and replaced with the following:

- A minimum of 85% of the Fund's NAV will be invested in the Target Fund; and
- Up to 15% of the Fund's NAV will be invested in liquid assets.

## E. FEES, CHARGES AND EXPENSES

### Page 7 of the Third Supplementary Information Memorandum

The illustration of calculation of “**Annual Management Fee**” under Section “**Ongoing Fees and Expenses**” is hereby revised and replaced with the following:

An annual management fee of up to 1.80% p.a. of the Fund's NAV is charged and then apportioned to each Class based on MCR. The management fee is calculated on a daily basis and will be paid monthly.

Out of the 1.80% p.a. of the NAV charged to the Fund, we pay a fee to the Target Fund. The Target Fund charges a management fee of up to 1.50% p.a. of its NAV for share class A6 USD. There will be no double charging of management fee.

An illustration of the calculation and apportionment of the daily management fee is as follows:-

Assuming the total fund size of the Fund is USD 30 million. Out of this 85% of it is invested in Target Fund (USD 25.5 million).

	<u>USD</u>
Total Fund NAV (before fees for the day)	30,000,000
Less: Investment in Target Fund	<u>(25,500,000)</u>
