MANAGER'S REPORT

Dear Unitholders,

We are pleased to present you the Manager's report and the audited accounts of Income and Growth Fund ("Fund") for the financial year ended 30 April 2024.

Salient Information of the Fund

Name	Income and Growth Fund ("Fund")
Category/ Type	Wholesale (Feeder Fund) / Income and Growth
Name of Target Fund	Allianz Income and Growth
Objective	The Fund seeks to provide regular income* and to a lesser extent long-term** capital appreciation by investing in the Target Fund which will be investing in equities, debt securities and convertible securities. Note: * Income distribution (if any) is paid out on a quarterly basis. ** Long term refers to an investment horizon of at least five (5) years. Any material change to the investment objective of the Fund would require Unit
	Holders' approval.
Duration	The Fund was established on 20 January 2020 and shall exist for as long as it appears to the Manager and the Trustee that it is in the interests of the unitholders for it to continue. In some circumstances, the unitholders can resolve at a meeting to terminate the Fund.
Performance	S&P 500 Index
Benchmark	(Available at www.aminvest.com) Note: The Target Fund is not benchmarked externally as its primary objective is to meet its targeted monthly distribution, while providing capital appreciation. For comparative purposes only as it relates to upside and downside equity market capture, the S&P 500 Index can be referenced. The risk profile of the Fund is not the same as the risk profile of the reference benchmark.
	The S&P 500 Index (the "Index") is a product of S&P Dow Jones Indices LLC ("SPDJI"), and has been licensed for use by AmFunds Management Berhad. S&P® is a registered trademark of S&P Global ("S&P"); Dow Jones® is a registered trademark of Dow Jones Trademark Holdings LLC ("Dow Jones"); Income and Growth Fund are not sponsored, endorsed, sold or promoted by SPDJI, Dow Jones, S&P, any of their respective affiliates (collectively, "S&P Dow Jones Indices"). S&P Dow Jones Indices makes no representation or warranty, express or implied, to the owners of the Income and Growth Fund or any member of the public regarding the advisability of investing in securities generally or in Income and Growth Fund particularly or the ability of the S&P 500 Index to track general market performance. S&P Dow Jones Indices' only relationship to AmFunds Management Berhad with respect to the S&P 500 Index is the licensing of the Index and certain trademarks, service marks and/or trade names of S&P Dow Jones Indices and/or its licensors. The S&P 500 Index is determined, composed and calculated by S&P Dow Jones Indices without regard to AmFunds Management Berhad or the Income and Growth Fund. S&P Dow Jones Indices have no obligation to take the needs of AmFunds Management Berhad or the owners of

Income and Growth Fund into consideration in determining, composing or calculating the S&P 500 Index. S&P Dow Jones Indices are not responsible for and have not participated in the determination of the prices, and amount of Income and Growth Fund or the timing of the issuance or sale of Income and Growth Fund or in the determination or calculation of the equation by which Income and Growth Fund is to be converted into cash, surrendered or redeemed, as the case may be. S&P Dow Jones Indices have no obligation or liability in connection with the administration, marketing or trading of Income and Growth Fund. There is no assurance that investment products based on the S&P 500 Index will accurately track index performance or provide positive investment returns. S&P Dow Jones Indices LLC is not an investment advisor. Inclusion of a security within an index is not a recommendation by S&P Dow Jones Indices to buy, sell, or hold such security, nor is it considered to be investment advice.

Income Distribution Policy

RM-Hedged Class

Distribution, if any, will be made on a quarterly basis and can be in the form of cash (by telegraphic transfer) or unit (by reinvestment into units of the Class).

Other Classes

Distribution, if any, will be made on a quarterly basis and will be reinvested into the respective Classes. However, the manager may at its sole discretion allow distribution in the form of cash.

Note:

Income distribution amount (if any) for each of the Classes could be different subject to the solo discretion of the Manager.

If income distribution earned does not exceed the amount 500 in the currency of the respective Class(es), it will be automatically reinvested.

Breakdown of Unit Holdings by Size

For the financial year under review, the size of the Fund for AUD-Hedged Class stood at 1,879,649 units, for RM-Hedged Class stood at 23,380,454 units, for SGD-Hedged Class stood at 720,203 units and for USD Class stood at 1,015,128 units.

Note:

- (1) Total return is the actual return of the Fund for the financial years/period computed based on the net asset value per unit and net of all fees.
- (2) Total expense ratio ("TER") is calculated based on the total fees and expenses incurred by the Fund divided by the average fund size calculated on a daily basis. The TER increased by 0.01% as compared to 0.68% per annum for the financial year ended 30 April 2023 mainly due to decrease in average fund size.
- (3) Portfolio turnover ratio ("PTR") is calculated based on the average of the total acquisitions and total disposals of investment securities of the Fund divided by the average fund size calculated on a daily basis. The increase in the PTR for 2024 and decrease in 2023 were due mainly to investing activities.

- (a) Source: Novagni Analytics and Advisory Sdn. Bhd.
- (b) S&P 500 Index. (Available at www.aminvest.com)
- (c) Total actual return for the financial period from 20 January 2020 (date of launch) to 30 April 2021.

The Fund performance is calculated based on the net asset value per unit of the Fund. Average total return of the Fund and its benchmark for a period is computed based on the absolute return for that period annualised over one year.

Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may go down, as well as up.

Fund Performance

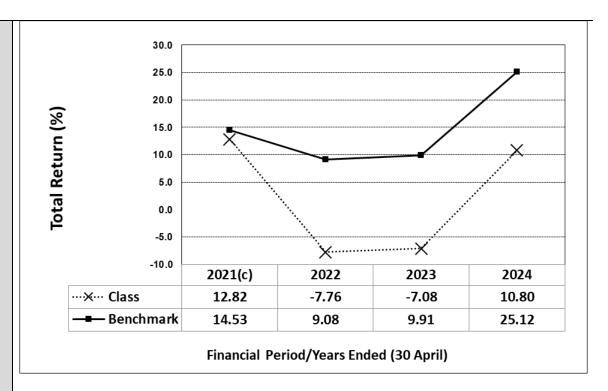

AUD-Hedged Class

For the financial year under review, the Fund registered a return of 10.80% which is entirely capital growth in nature.

Thus, the Fund's return of 10.80% has underperformed the benchmark's return of 25.12% by 14.32%.

As compared with the financial year ended 30 April 2023, the net asset value ("NAV") per unit of the Fund increased by 10.73% from AUD0.9161 to AUD1.0144, while units in circulation decreased by 23.38% from 2,453,353 units to 1,879,649 units.

The following line chart shows comparison between the annual performances of Income and Growth Fund (AUD-Hedged Class) and its benchmark, S&P 500 Index, for the financial period/years ended 30 April.

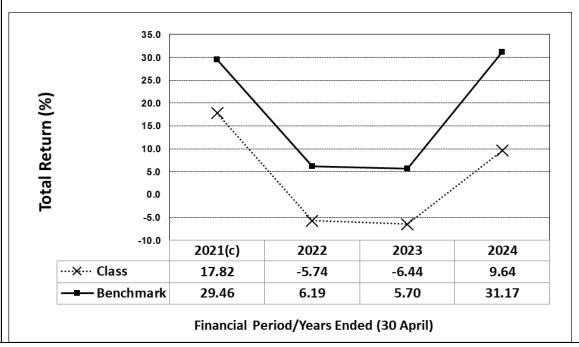

RM-Hedged Class

For the financial year under review, the Fund registered a return of 9.64% which is entirely capital growth in nature.

Thus, the Fund's return of 9.64% has underperformed the benchmark's return of 31.17% by 21.53%.

As compared with the financial year ended 30 April 2023, the net asset value ("NAV") per unit of the Fund increased by 9.56% from RM1.0062 to RM1.1024, while units in circulation increased by 19.51% from 19,564,234 units to 23,380,454 units.

The following line chart shows comparison between the annual performances of Income and Growth Fund (RM-Hedged Class) and its benchmark, S&P 500 Index, for the financial period/years ended 30 April.

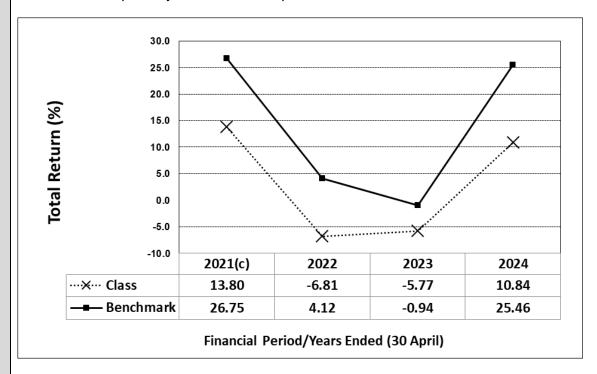

SGD-Hedged Class

For the financial year under review, the Fund registered a return of 10.84% which is entirely capital growth in nature.

Thus, the Fund's return of 10.84% has underperformed the benchmark's return of 25.46% by 14.62%.

As compared with the financial year ended 30 April 2023, the net asset value ("NAV") per unit of the Fund increased by 10.77% from SGD0.9484 to SGD1.0505, while units in circulation decreased by 30.79% from 1,040,648 units to 720,203 units.

The following line chart shows comparison between the annual performances of Income and Growth Fund (SGD-Hedged Class) and its benchmark, S&P 500 Index, for the financial period/years ended 30 April.

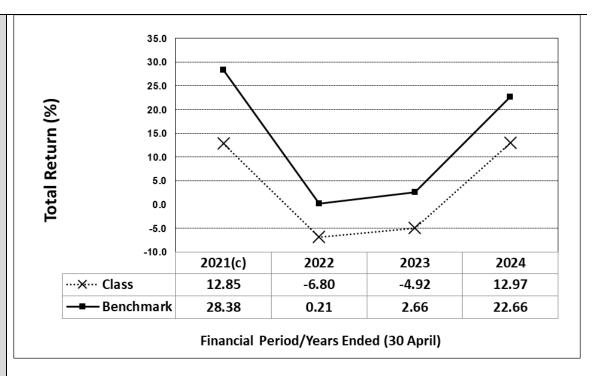

USD Class

For the financial year under review, the Fund registered a return of 12.97% which is entirely capital growth in nature.

Thus, the Fund's return of 12.97% has underperformed the benchmark's return of 22.66% by 9.69%.

As compared with the financial year ended 30 April 2023, the net asset value ("NAV") per unit of the Fund increased by 12.88% from USD0.9814 to USD1.1078, while units in circulation decreased by 37.13% from 1,614,745 units to 1,015,128 units.

The following line chart shows comparison between the annual performances of Income and Growth Fund (USD Class) and its benchmark, S&P 500 Index, for the financial period/years ended 30 April.

Note: Past performance is not necessarily indicative of future performance and that unit prices and investment returns may go down, as well as up.

Performance of the Target Fund

Fund Performance Review of the Target Fund – Allianz Income and Growth ("the Target Fund")

For the period, the Allianz Income & Growth AM USD returned 13.97%¹. For comparison purposes, the Russell 1000 Index returned 31.8%². The ICE BofA All US Convertibles Index and the ICE BofA US High Yield Index returned 8.98% and 8.88% respectively³. By way of comparison, the 10-year Treasury and the S&P 500 returned -6.40% and 22.66%² respectively.

The Target Fund was positively impacted by strength across risk assets. Top contributors were led by companies capitalizing on the buildout and adoption of artificial intelligence and secular trends around cloud migration, cyber security and multiple semiconductor companies. Multiple pharmaceutical companies advanced on strong earnings beats and positive clinical trial data, and several software providers posted better-than-expected profitability.

Other top contributors include an e-commerce company and a social media company that reported advertising revenue growth for the first time in a year.

The top detractors did not have a significant impact on the portfolio. A pet-focused ecommerce company that had slower sales and increased competition traded lower as did an aerospace company after announcing a jet engine recall. Multiple utility companies and positions with exposure to China such as a casino operator and an athletic apparel company also pressured performance.

State of There has been neither significant changes to the state of affairs of the Fund nor any Affairs circumstances that materially affect any interests of the unitholders during the financial vear under review. Rebates During the financial year, the management company did not receive soft commissions and Soft by virtue of transactions conducted for the Fund. Commission Market Markets advanced over the reporting period aided by better-than-expected earnings, Review and economic data, waning inflation, and a pause in interest rate hikes. Fourth-guarter earnings results were better-than-expected, with most companies beating top- and bottom-line forecasts. The unemployment rate remained low, consumer confidence improved substantially, GDP growth moderated but remail healthy, but some inflation measurers were higher than expected. Against this backdrop, the US dollar strengthened, the Treasury market sold off, and the market's expectation for the first interest rate cut was pushed to June, aligning with the Fed's most recent full-year Market 2023's economic momentum should carry over into 2024. Economic tailwinds include Outlook low unemployment, steady consumption, government spending, waning inflation, a stabilizing manufacturing sector, an end to the rate hike cycle, and accelerating earnings. Economic headwinds include continued restrictive monetary policy and quantitative tightening, less savings, and US/international political risks, among others. US equity valuations reside near long-term averages. Visibility around 2024 and 2025 earnings, US dollar and Treasury market stabilization, and an end to the rate hike cycle could be positive developments for stocks. Any equity market volatility will present opportunities for active managers to take advantage of better prices in attractive investments. US convertible securities should continue to provide benefits to investors, including an attractive asymmetric return profile and potentially lower volatility relative to the equity market. The shift in the universe's composition exiting 2022 remains largely unchanged heading into 2024. Many securities offer attractive current yields and exhibit defensive characteristics given lower deltas and closer proximities to bond floors. This dynamic may allow for greater downside protection if equity volatility rises. If the prices of underlying stocks advance, convertible securities could be positioned to participate in the upside. Lastly, higher debt financing costs should draw issuers to the convertible market for coupon savings. As a result, new issuance is expected to increase materially year over year. The US high-yield market, yielding nearly 8%, offers the potential for equity-like returns but with less volatility. Credit fundamentals are stable, near-term refinancing obligations remain low, and management teams continue to prioritize debt reduction. Given these factors, defaults should remain well below historical cycle peaks. The market's attractive total return potential is a function of its discount to face value and higher coupon, which also serves to cushion downside volatility. Notably, the high-yield market has historically delivered two consecutive years of positive returns in six of the seven cases, and forward 12- and 24-month return projections based on the current market yield have been consistent with mid to high single digits. A covered call options strategy can be utilized to generate premium income. In periods of elevated or rising equity volatility, premiums collected may translate into more attractive annualized vields. Collectively, these three asset classes can provide a steady source of income and a compelling "participate and protect" return profile.

The Income and Growth strategy is a client solution designed to provide high monthly income, the potential for capital appreciation, and less volatility than an equity-only fund.

Independent auditors' report to the unit holders of Income and Growth Fund

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Income and Growth Fund (the "Fund"), which comprise the statement of financial position as at 30 April 2024, and statement of comprehensive income, statement of changes in net assets attributable to unit holders and statement of cash flows of the Fund for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 17 to 45.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 30 April 2024, and of its financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the financial statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence and other ethical responsibilities

We are independent of the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Information other than the financial statements and auditors' report thereon

The Manager of the Fund (the "Manager") is responsible for the other information. The other information comprises the information included in the annual report of the Fund, but does not include the financial statements of the Fund and in our auditors' report thereon.

Our opinion on the financial statements of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

Independent auditors' report to the unit holders of Income and Growth Fund (cont'd.)

Information other than the financial statements and auditors' report thereon (cont'd.)

In connection with our audit of the financial statements of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Responsibilities of the Manager and the Trustee for the financial statements

The Manager is responsible for the preparation of the financial statements of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determines is necessary to enable the preparation of financial statements of the Fund that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Fund, the Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

The Trustee is responsible for overseeing the Fund's financial reporting process. The Trustee is also responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent auditors' report to the unit holders of Income and Growth Fund (cont'd.)

Auditors' responsibilities for the audit of the financial statements (cont'd.)

As part of an audit in accordance with the approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Fund, including the disclosures, and whether the financial statements of the Fund represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent auditors' report to the unit holders of Income and Growth Fund (cont'd.)

Other matters

This report is made solely to the unit holders of the Fund, as a body, in accordance with the Guidelines on Unlisted Capital Market Products under the Lodge and Launch Framework issued by Securities Commission Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

1. GENERAL INFORMATION

Income and Growth Fund (the "Fund") was established pursuant to a Deed dated 30 December 2019 (the "Deeds"), between AmFunds Management Berhad as the Manager, HSBC (Malaysia) Trustee Berhad as the Trustee and all unit holders.

The Fund seeks to provide regular income and to a lesser extent long term capital appreciation by investing in Allianz Income and Growth ("Target Fund") which will be investing in equities, debt securities and convertible securities. Being a feeder fund, a minimum of 85% of the Fund's NAV will be invested in the Luxembourg based Target Funds which is a separate unit trust fund managed by Allianz Global Investor Gmbh (Allianz Gl US) ("Target Fund Manager"), while maintaining up to a maximum of 15% of Fund's NAV in liquid assets. As provided in the Deed, the financial year shall end on 30 April and the units in the Fund were first offered for sale on 20 January 2020.

The financial statements were authorised for issue by the Manager on 18 June 2024.

2. BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements of the Fund have been prepared on a historical cost basis, except as otherwise stated in the accounting policies and comply with Malaysian Financial Reporting Standards ("MFRS") as issued by the Malaysian Accounting Standards Board ("MASB") and International Financial Reporting Standards ("IFRS").

Standards effective during the financial year

Description

The adoption of the following MFRS and amendments to MFRS which became effective during the financial year did not have any material financial impact to the financial statements.

of Assets between an Investor and its Associate or Joint Venture*	Deferred

^{*} These Amendments to MFRSs are not relevant to the Fund.

3. SUMMARY OF ACCOUNTING POLICIES

3.1 Income recognition

Income is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the income can be reliably measured. Income is measured at the fair value of consideration received or receivable.

(i) Distribution income

Distribution income is recognised when the Fund's right to receive payment is established.

(ii) Interest income

Interest income on short-term deposits is recognised on an accrual basis using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.1 Income recognition (cont'd.)

(iii) Gain or loss on disposal of investment

On disposal of investment, the net realised gain or loss on disposal is measured as the difference between the net disposal proceeds and the carrying amount of the investment. The net realised gain or loss is recognised in profit or loss.

3.2 Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the tax authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

3.3 Functional and presentation currency

Functional currency is the currency of the primary economic environment in which the Fund operates that most faithfully represents the economic effects of the underlying transactions. The functional currency of the Fund is United States Dollar ("USD") which is the currency in which the issuance and redemption certain of the Fund's units and the sale and purchase of the Fund's investment are denominated and settled. The Fund has also adopted USD as its presentation currency.

3.4 Foreign currency transactions

Transactions in currencies other than the Fund's functional currency (foreign currencies) are recorded in the functional currency using exchange rates prevailing at the transaction dates. At each reporting date, foreign currency monetary items are translated into USD at exchange rates ruling at the reporting date. All exchange gains or losses are recognised in profit or loss.

3.5 Statement of cash flows

The Fund adopts the direct method in the preparation of the statement of cash flows.

Cash and cash equivalents are short-term, highly liquid investment that is readily convertible to cash with insignificant risk of changes in value.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.6 Unit holders' contribution

The unit holders' contribution of the Fund is classified as liabilities under the requirements of MFRS 132 *Financial Instruments: Presentation* ("MFRS 132").

Under MFRS 132, a unit trust fund with one common class of unit holders is classified as equity as it meets the requirement of having identical features. In a multi-unit class fund, if any one class (or a group of classes) can be differentiated in terms of their features, then all the classes will be classified as liability.

The Fund issues cancellable units in four classes. Details are disclosed in Note 10.

3.7 Distribution

Distribution is at the discretion of the Manager. A distribution to the Fund's unit holders is accounted for as a deduction from realised income and recognised in the statement of comprehensive income, as the unit holders' contribution is classified as financial liability as per Note 3.6. Realised income is the income earned from distribution income, interest income and net gain on disposal of investment after deducting expenses and taxation. A proposed distribution is recognised as a liability in the period in which it is approved. Distribution is either reinvested or paid in cash to the unit holders on the distribution payment date. Reinvestment of units is based on the NAV per unit on the distribution payment date, which is also the time of creation.

3.8 Financial assets – initial recognition and measurement

(i) Initial recognition

Financial assets and financial liabilities are recognised when the Fund becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised using trade date accounting or settlement date accounting. The method used is applied consistently for all purchases and sales of financial assets that belong to the same category of financial assets.

(ii) Initial measurement

All financial assets are recognised initially at fair value, in the case of financial assets not recorded at FVTPL, transaction costs that are attributable to the acquisition of the financial asset. All financial liabilities are recognised initially at fair value and, in the case of financial liabilities not recorded at FVTPL, net of directly attributable transaction costs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.8 Financial assets – initial recognition and measurement (cont'd.)

(iii) "Day 1" profit or loss

At initial measurement, if the transaction price differs from the fair value, the Fund immediately recognises the difference between the transaction price and fair value (a "Day 1" profit or loss) in profit or loss provided that fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. Level 1 input) or based on a valuation technique that uses only data from observable markets. In all other cases, the difference between the transaction price and model value is recognised in profit or loss on a systematic and rational basis that reflects the nature of the instrument over its tenure.

3.9 Financial assets under MFRS 9

Classification and measurement

The classification of financial assets depends on the Fund's business model of managing the financial assets in order to generate cash flows ("business model test") and the contractual cash flow characteristics of the financial instruments ("SPPI test"). The business model test determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both and the assessment is performed on a portfolio basis. The SPPI test determines whether the contractual cash flows are solely for payments of principal and interest and the assessment is performed on a financial instrument basis.

The Fund may classify its financial assets under the following categories:

Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Financial assets include in this category are deposits with licensed financial institutions, cash at banks, amount due from Target Fund Manager, amount due from Manager, amount due from brokers/financial institutions, dividend/distribution receivables and other receivables.

Financial assets at FVOCI

A financial asset is measured at fair value through other comprehensive income ("FVOCI") if its business model is both to hold the asset to collect contractual cash flows and to sell the financial asset. In addition, the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the outstanding principal.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.9 Financial assets under MFRS 9 (cont'd.)

Classification and measurement (cont'd.)

The Fund may classify its financial assets under the following categories: (cont'd.)

Financial assets at FVOCI (cont'd.)

These investments are initially recorded at fair value and transaction costs are expensed in the profit or loss. Subsequent to initial recognition, these investments are remeasured at fair value. All fair value adjustments are initially recognised through OCI. Debt instruments at FVOCI are subject to impairment assessment.

Financial assets at FVTPL

Any financial assets that are not measured at amortised cost or FVOCI are measured at FVTPL. Subsequent to initial recognition, financial assets at FVTPL are measured at fair value. Changes in the fair value of those financial instruments are recorded in "Net gain or loss on financial assets at FVTPL". Distribution revenue and interest earned elements of such instruments are recorded separately in "Distribution income" and "Interest income" respectively. Exchange differences on financial assets at FVTPL are recognised separately in profit or loss but are included in net gain or net loss on changes in fair value of financial assets at FVTPL.

Instruments that qualify for amortised cost or FVOCI may be irrevocably designated as FVTPL, if doing so eliminates or significantly reduces a measurement or recognition inconsistency. Equity instruments are normally measured at FVTPL, nevertheless, the Fund is allowed to irrevocably designate equity instruments that are not held for trading as FVOCI, with no subsequent reclassification of gains or losses to profit or loss.

The Fund subsequently measures its investment in collective investment scheme ("CIS") and derivative instruments at FVTPL. Distributions earned whilst holding the investment in CIS is recognised in profit or loss when the right to receive the payment has been established. Gains and losses on the investment in CIS, realised and unrealised, are included in profit or loss.

3.10 Financial liabilities – classification and subsequent measurement

Financial liabilities issued by the Fund are classified as financial liabilities at amortised cost, where the substance of the contractual arrangement results in the Fund having an obligation either to deliver cash or another financial asset to the holders. After initial measurement, financial liabilities are subsequently measured at amortised cost using the effective interest method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.11 Derecognition of financial instruments

(i) Derecognition of financial asset

A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised when:

- the rights to receive cash flows from the asset have expired, or
- the Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either:
 - the Fund has transferred substantially all the risks and rewards of the asset, or
 - the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

For investment classified as FVOCI - debt instruments, the cumulative fair value change recognised in OCI is recycled to profit or loss.

(ii) Derecognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expired. Gains and losses are recognised in profit or loss when the liabilities are recognised, and through the amortisation process.

3.12 Financial instruments – expected credit losses ("ECL")

The Fund assesses the ECL associated with its financial assets at amortised cost using simplified approach. Therefore, the Fund does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The ECL in respect of financial assets at amortised cost, if any, is recognised in profit or loss.

Financial assets together with the associated allowance are written off when it has exhausted all practical recovery efforts and there is no realistic prospect of future recovery. The Fund may also write-off financial assets that are still subject to enforcement activity when there is no reasonable expectation of full recovery. If a write-off is later recovered, the recovery is credited to profit or loss.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

3. SUMMARY OF ACCOUNTING POLICIES (CONT'D.)

3.13 Determination of fair value

For the investment in CIS, fair value is determined based on the closing NAV per unit of the foreign CIS. Purchased cost is the price that the Fund paid when buying its investment. The difference between purchased cost and fair value is treated as unrealised gain or loss and is recognised in profit or loss. Unrealised gains or losses recognised in profit or loss are not distributable in nature.

The fair value of foreign exchange - forward contracts is calculated by making reference to prevailing forward exchange rates for contracts with similar maturity profiles in the market. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

3.14 Classification of realised and unrealised gains and losses

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised (i.e. sold, redeemed or matured) during the reporting period.

Realised gains and losses on disposals of financial instruments classified at FVTPL are calculated using the weighted average method. They represent the difference between an instrument's initial carrying amount and disposal amount.

3.15 Significant accounting estimates and judgments

The preparation of the Fund's financial statements requires the Manager to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability in the future.

The Fund classifies its investment as financial assets at FVTPL as the Fund may sell its investment in the short-term for profit-taking or to meet unit holders' cancellation of units.

No major judgments have been made by the Manager in applying the Fund's accounting policies. There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

Shortfall of fair value over purchased cost	-	(1,265,527)		

5. DERIVATIVE INSTRUMENTS

Derivative instruments comprise forward currency contracts. The forward currency contracts entered into during the financial year were for hedging against the currencies exposure arising mainly from creation and cancellation of units in foreign currencies that are not denominated in the Fund's functional currency. As the Fund has not adopted hedge accounting during the financial year, the change in the fair value of the forward currency contract is recognised immediately in the statement of comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

5. DERIVATIVE INSTRUMENTS (CONT'D.)

The table below shows the fair value of derivative financial instruments, recorded as assets (being derivatives which are in a net gain position) or liabilities (being derivatives which are in a net loss position), together with their notional amounts. The notional amount, recorded gross, is the amount of a derivative's underlying asset, foreign exchange currency and is the basis upon which changes in the value of derivatives are measured. The notional amounts indicate the volume of transactions outstanding at the end of the financial year.

6. AMOUNT DUE FROM TARGET FUND MANAGER

The amount due from Target Fund Manager arose from the sale of investment. The settlement period is within five business days from the transaction date.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

7. AMOUNT DUE FROM/TO MANAGER

		Note	2024 USD	2023 USD
(a)	Due from Manager Creation of units	(i)	166,054	
(b)	Due to Manager Manager's fee payable	(ii)	4,726	4,293

(i) This represents amount receivable from the Manager for units created.

The normal credit period in the previous and current financial years for creation and cancellation of units is three business days.

(ii) As the Fund is investing in the Target Fund, the Manager's fee is charged as follows:

	2024 % p.a.	2023 % p.a.
Manager's fee charged by the Target Fund Manager,		
on the NAV of the Target Fund	1.25	1.25
Manager's fee charged by the Manager, on the NAV		
of investment in the Target Fund (Note a)	0.55	0.55
Manager's fee charged by the Manager, on the		
remaining NAV of the Fund (Note a)	1.80	1.80

Note (a) The Manager's fee is charged on 0.55% of the NAV of investment in the Target Fund and 1.80% on the remaining NAV of the Fund.

The normal credit period in the previous and current financial year for Manager's fee payable is one month.

8. AMOUNT DUE TO TRUSTEE

Trustee's fee is at a rate of 0.05% (2023: 0.05%) per annum on the NAV of the Fund, calculated on a daily basis.

The normal credit period in the previous and current financial years for Trustee's fee payable is one month.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

9. NET LOSSES FROM INVESTMENT

	2024 USD	2023 USD
Net losses on financial assets at FVTPL comprised:		
 Net realised losses on sale of investment 	(426,147)	(818,984)
Net realised losses on settlement of derivative contractsNet unrealised gain/(loss) on changes in fair value of	(519,836)	(613,963)

11. SIGNIFICANT RELATED PARTIES TRANSACTIONS AND BALANCES

The related parties and their relationships with the Fund are as follows:

AmFunds Management Berhad	The Manager
AmInvestment Bank Berhad	Holdings company of the Manager
AMMB Holdings Berhad ("AMMB")	Ultimate holding company of the Manager
Subsidiaries and associates of AMMB	Subsidiaries and associate companies of the
as disclosed in its financial statements	ultimate holding company of the Manager

Relationships

There are no units held by the Manager or any related party as at 30 April 2024 and 30 April 2023.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

12. TAXATION

	2024 USD	2023 USD
Local tax		
- over provision in previous year	<u> </u>	(4,101)

Income tax payable is calculated on investment income less deduction for permitted expenses as provided under Section 63B of the Income Tax Act, 1967.

A reconciliation of income tax expense applicable to net income/(loss) before taxation at the statutory income tax rate to income tax expense at the effective income tax rate of the Fund is as follows:

	2024 USD	2023 USD
Net income/(loss) before taxation	416,217	(1,027,573)
Taxation at Malaysian statutory rate of 24% (2023: 24%) Tax effects of:	99,892	(246,618)
Income not subject to tax	(339,681)	(260,984)
Losses not allowed for tax deduction	227,097	487,768
Restriction on tax deductible expenses	10,228	12,748
Non-permitted expenses for tax purposes	1,328	1,568
Permitted expenses not used and not available for		
future financial years	1,136	1,417
Tax expense for the financial year		(4,101)

13. TOTAL EXPENSE RATIO ("TER")

The Fund's TER is as follows:

	2024	2023
	% p.a.	% p.a.
Manager's fee	0.59	0.59
Trustee's fee	0.05	0.05
Fund's other expenses	0.05	0.04
Total TER	0.69	0.68

The TER of the Fund is the ratio of the sum of fees and expenses incurred by the Fund to the average NAV of the Fund calculated on a daily basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

14. PORTFOLIO TURNOVER RATIO ("PTR")

The PTR of the Fund, which is the ratio of average total acquisitions and disposals of investment to the average NAV of the Fund calculated on a daily basis, is 0.24 times (2023: 0.23 times).

15. SEGMENTAL REPORTING

As stated in Note 1, the Fund is a feeder fund whereby a minimum of 85% of the Fund's NAV will be invested in the Target Fund.

As the Fund operates substantially as a feeder fund which invests primarily in the Target Fund, it is not possible or meaningful to classify its investment by separate business or geographical segments.

16. TRANSACTIONS WITH THE TARGET FUND MANAGER

Details of transactions with the Target Fund Manager for the financial year ended 30 April 2024 are as follows:

Target Fund Manager	Transa	ction value
	USD	%
Allianz Global Investor GmbH	3,639,072	100.00

The above transactions are in respect of investment in foreign CIS. Transactions in this investment does not involve any commission or brokerage fee.

17. FINANCIAL INSTRUMENTS

(a) Classification of financial instruments

The accounting policies in Note 3 describe how the classes of financial instruments are measured, and how income and expenses, including fair value gains and losses, are recognised. The following table analyses the financial assets and liabilities of the Fund in the statement of financial position by the class of financial instrument to which they are assigned, and therefore by the measurement basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

(b) Financial instruments that are carried at fair value

The Fund's financial assets and liabilities are carried at fair value.

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable; either directly or indirectly; or

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The following table shows an analysis of financial instruments recorded at fair value by the level of the fair value hierarchy:

	Level 1 USD	Level 2 USD	Level 3 USD	Total USD

Financial liability at FVTPL: - Derivative liabilities	_	84,079	_	84.079

(c) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value due to their short period to maturity or short credit period:

- Amount due from Target Fund Manager
- Amount due from/to Manager
- Cash at banks
- Amount due to Trustee

There are no financial instruments which are not carried at fair value and whose carrying amounts are not reasonable approximation of their respective fair value.

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund is exposed to a variety of risks that include market risk, credit risk, liquidity risk, single issuer risk, regulatory risk, country risk, management risk and non-compliance risk.

Risk management is carried out by closely monitoring, measuring and mitigating the above said risks, careful selection of investment coupled with stringent compliance to investment restrictions as stipulated by the Capital Market and Services Act 2007, Securities Commission Malaysia's Guidelines on Unlisted Capital Market Products under the Lodge and Launch Framework and the Deed as the backbone of risk management of the Fund.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(a) Market risk

The Fund's principal exposure to market risk arises primarily due to changes in the market environment, global economic and geo-political developments.

The Fund's market risk is affected primarily by the following risks:

(i) Price risk

Price risk refers to the uncertainty of an investment's future prices. In the event of adverse price movements, the Fund might endure potential loss on its investment in the Target Fund. In managing price risk, the Manager actively monitors the performance and risk profile of the investment portfolio.

The result below summarised the price risk sensitivity of the Fund's NAV due to movements of price by -5.00% and +5.00% respectively:

Percentage movements in price by:	Sensitivity of the Fund's NAV		
	2024	2023	
	USD	USD	
-5.00%	(398,368)	(398,665)	
+5.00%	398,368	398,665	

(ii) Currency risk

Currency risk is associated with the Fund's financial assets and financial liabilities that are denominated in currencies other than the Fund's functional currency. Currency risk refers to the potential loss the Fund might face due to unfavorable fluctuations of currencies other than the Fund's functional currency against the Fund's functional currency.

The result below summarised the currency risk sensitivity of the Fund's NAV due to appreciation/depreciation of the Fund's functional currency against currencies other than the Fund's functional currency:

Percentage movements in currencies other than the Fund's functional currency:	Sensitivity of the Fund's NAV		
	2024 USD	2023 USD	
+5.00% -5.00%	9,011 (9,011)	704 (704)	

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(a) Market risk (cont'd.)

(ii) Currency risk (cont'd.)

The net unhedged financial assets of the Fund that are not denominated in the Fund's functional currency are as follows:

	2024		2023	
Financial assets	USD	% of	USD	% of
denominated in	equivalent	NAV	equivalent	NAV
Australian Dollar				
Cash at bank	12,792	0.15	13,040	0.16
·				
Ringgit Malaysia				
Amount due from				
Manager	166,054	2.00	-	-
Cash at bank	1,039	0.01	805	0.01
	167,093	2.01	805	0.01
Singapore Dollar				
Cash at bank	326	_*	227	*_

^{*} represents less than 0.01%

(b) Credit risk

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss to the Fund by failing to discharge an obligation. Credit risk applies to short-term deposits, distribution receivable and derivatives assets. The issuer of such instruments may not be able to fulfill the required interest payments or repay the principal invested or amount owing. These risks may cause the Fund's investment to fluctuate in value.

The Fund, as a feeder fund, invests significantly all its assets in the Target Fund. The Target Fund manages the risk by setting internal counterparty limits and undertaking internal credit evaluation to minimise such risk.

Cash at banks are held for liquidity purposes and are not exposed to significant credit risk.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(c) Liquidity risk

Liquidity risk is defined as the risk that the Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets. Exposure to liquidity risk arises because of the possibility that the Fund could be required to pay its financial liabilities or redeem its units earlier than expected. The Fund maintains sufficient level of liquid assets, after consultation with the Trustee, to meet anticipated payments and cancellations of units by unit holders. Liquid assets comprise of cash at banks, deposits with licensed financial institutions and other instruments, which are capable of being converted into cash within 5 to 7 days. The Fund's policy is to always maintain a prudent level of liquid assets so as to reduce liquidity risk.

The Fund's financial liabilities have contractual maturities of not more than six months.

(d) Single issuer risk

The Fund, as a feeder fund, invests significantly all its assets in the Target Fund. The Target Fund is restricted from investing in securities issued by any issuer in excess of a certain percentage of its NAV. Under such restriction, the risk exposure to the securities of any single issuer is diversified and managed by the Target Fund Manager based on internal/external ratings.

(e) Regulatory risk

Any changes in national policies and regulations may have effects on the capital market and the NAV of the Fund.

(f) Country risk

The risk of price fluctuation in foreign securities may arise due to political, financial and economic events in foreign countries. If this occurs, there is a possibility that the NAV of the Fund may be adversely affected.

(g) Management risk

Poor management of the Fund may cause considerable losses to the Fund that in turn may affect the NAV of the Fund.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 30 APRIL 2024

18. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(h) Non-compliance risk

This is the risk of the Manager or the Trustee not complying with the respective internal policies, the Deed and its Supplemental Deeds, securities laws or guidelines issued by the regulators relevant to each party, which may adversely affect the performance of the Fund.

The specific risks associated to the Target Fund include market risk, securities risk, emerging market risk, settlement and credit risks, regulatory and accounting standards risks, political risk, custody risk and liquidity risk.

19. CAPITAL MANAGEMENT

The primary objective of the Fund's capital management is to ensure that it maximises unit holders' value by expanding its fund size to benefit from economies of scale and achieving growth in NAV from the performance of its investment.

The Fund manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Fund may issue new or bonus units or make distribution payment.

No changes were made in the objective, policies or processes during the financial years ended 30 April 2024 and 30 April 2023.

STATEMENT BY THE MANAGER
